### Transition Assistance Management Program (TAMP)

The Navy is dedicated to providing access to permanent transition assistance benefits to all active and reserve component separating and retiring service members, both officers and enlisted. This commitment is governed by the Transition Assistance Management Program (TAMP), OPNAVINST 1900.2B. TAMP consists of a variety of services with the key items being Pre-separation counseling, Employment assistance, Relocation assistance for separating members stationed overseas, and benefits for members who are involuntarily separated or retired.

Delivery of TAMP services to all Navy personnel will be achieved through a cooperative effort involving DOD, U.S. Department of Labor (DOL), and Department of Veterans Affairs (DVA), as well as many state, community, and non-profit service organizations. The intent of these services and benefits is to assist Sailors and their families in making informed and effective transition decisions as they prepare to return to civilian employment.

You have served your nation and now it is time for us to serve you. Through your service in the United States Navy, you have earned a lot of benefits and services. The objective of this checklist is to explain all of those items to you in detail so you are aware of each of them. You will use this Pre-separation Counseling Checklist as a quick reference in planning your transition from the military and into your next career.

Click here to go to the checklist.

Career counselors provide legally mandated pre-separation counseling to transitioning Sailors who have been on active duty for more than 180 days, and to all Sailors being separated for retired due to disability, regardless of the length of active service. This counseling should be completed no later than 90 days prior to separation or retirement. It must be completed with your Command Career Counselor (CCC).

The Montgomery GI Bill - Active Duty, called “MGIB” for short, provides up to 36 months of education benefits to eligible veterans and is available for those who enlist in the U.S. Armed Forces. MGIB encompasses both the Montgomery GI Bill-Active Duty (Chapter 30) and The Montgomery GI Bill-Selected Reserve (Chapter 1606). Under Chapter 30, Active Duty members enroll and pay $100 per month for 12 months; and are then entitled to receive a monthly education benefit once they have completed a minimum service obligation. Under Chapter 1606, a reservist must be actively drilling and have a 6-year obligation in the Selected Reserve to be eligible.

This benefit may be used for degree and certificate programs, flight training, apprenticeship/on-the-job training and correspondence courses. Remedial, deficiency, and refresher courses may be approved under certain circumstances. Generally, benefits are payable for 10 years following release from active duty. This program is also known as Chapter 30.

- College
- Technical or Vocational Courses
- Correspondence Courses
- Apprenticeship/Job Training
- Flight Training

- Meet the requirement to receive a high school diploma or equivalency certificate before completing IADT. You may not use 12 hours toward a college degree to meet this requirement;

Generally benefits are payable for 15 years following your release from active duty.

- An annual books and supplies stipend of $1,000 paid proportionately based on enrollment.

The Post-9/11 GI Bill also offers some service members the opportunity to transfer their GI Bill to dependents. For additional information, please visit http://www.gibill.va.gov/benefits/post_911_gibill/index.html

In certain circumstances, remedial, deficiency, and refresher training may also be available.

Benefit entitlement is 1 to 36 months depending on the number of monthly contributions. You have 10 years from your release from active duty to use VEAP benefits. If there is entitlement not used after the 10-year period, your portion remaining in the fund will be automatically refunded.

VGLI coverage is issued in multiples of $10,000 up to a maximum of $400,000. However, a Servicemember's initial VGLI coverage amount cannot exceed the amount of SGLI they had in force at the time of separation from service.

Effective April 11, 2011, VGLI insureds who have less than $400,000 in coverage can purchase up to $25,000 of additional coverage on each five-year anniversary of their coverage, up to the maximum $400,000. No medical underwriting is required for the additional coverage.

You must apply within one year and 120 days from discharge. However, servicemembers who submit their application within 120 days of discharge do not need to submit evidence of good health. Servicemembers who apply after the 120-day period must submit evidence of good health. Visit the [VGLI Frequently Asked Questions](http://insurance.va.gov/sgliSite/VGLI/VGLI.htm) page for answers to common questions about VGLI.

**Gulf War Registry Health Examination for OIF and OND Veterans**

Veterans who served in the Gulf during Operation Iraqi Freedom and Operation New Dawn are eligible for a free Gulf War Registry health examination by VA.

VA set up the Gulf War Registry health examination program to track the special health concerns of Veterans who served in the Gulf during Operations Desert Shield, Desert Storm, Iraqi Freedom or New Dawn. The collected data enables VA to understand and address health problems more effectively.

For specific information, please visit [http://www.publichealth.va.gov/exposures/gulfwar/registry_exam.asp](http://www.publichealth.va.gov/exposures/gulfwar/registry_exam.asp)

For the Federal Government's definition of "combat", please see Title 38 U.S. Code section 1710(e)(1)(D) and 1712(a)(1)(B).

**Returning Service Members (OEF/OIF)**

Here are just a few of the programs VA offers:

- **5 Years of Cost Free Health Care** — OEF/OIF combat Veterans can receive cost free medical care for any condition related to their service in the Iraq/Afghanistan theater for five years after the date of their discharge or release. In order to take advantage of these benefits, OEF/OIF Vets need to enroll in VA's health care system.

- **180 day dental benefit** — OEF/OIF combat Veterans may be eligible for one-time dental care — but you must apply with 180 days of your separation date from active duty. More info: [Combat Veterans Fact Sheet](http://www.publichealth.va.gov/exposures/gulfwar/registry_exam.asp)

- **Find Family Support at Vet Centers** — If you have served in ANY combat zone, [local Vet Centers](http://www.publichealth.va.gov/exposures/gulfwar/registry_exam.asp) can help you and your family with readjustment counseling and outreach services — for free.

- **Do You Want to Go Back to School?** — VA pays benefits to eligible Veterans, reservists, and active duty service members while they are in an approved education or training program. The [new Post 9/11 GI Bill](http://www.publichealth.va.gov/exposures/gulfwar/registry_exam.asp) could be for you!

### Unemployment Compensation for Military

The Unemployment Compensation for Ex-servicemembers (UCX) program provides benefits for eligible ex-military personnel. The program is administered by the States as agents of the Federal government.

- If you were on active duty with a branch of the U.S. military, you may be entitled to benefits based on that service.
- You must have been separated under honorable conditions.
- There is no payroll deduction from servicemember’s wages for unemployment insurance protection. Benefits are paid for by the various branches of the military, NOAA or USPHS.

### Benefits

The law of the State (under which the claim is filed) determines benefit amounts, number of weeks benefits can be paid, and other eligibility conditions.

### Filing a Claim

You should contact your [State Workforce Agency](http://ows.doleta.gov/unemploy/ucx.asp) as soon as possible after discharge. It may be helpful to have a copy of your service and discharge documents (DD-214 or similar form) when you open your claim. In many states, you may now file your claim by telephone and/or internet.

### Involuntary Separation Pay

Reference:
- DoD Directive 1332.29, Eligibility of Regular and Reserve Personnel for Separation Pay
- DoD Instruction 1332.14, Enlisted Administrative Separations
- DoD Military Pay and Allowances Entitlements Manual

#### Full Separation Pay (Non-disability)

The Service member meets one of the following criteria for active service:

- The member is on active duty (AD) and has completed at least 6 years, but fewer than 20 years, of active service. For Reserve members not on the AD list when separated, 6 years of continuous AD must have preceded immediately before such separation. A period of AD is continuous if any break in military service does not exceed 30 days.
- The member (other than a Regular enlisted member) was on AD on November 5, 1990, and on that date had 5 or more, but less than 6, years of active service. For Reserve members not on the AD list when separated, 5 years of continuous AD must have preceded immediately before such separation. A period of AD is continuous if any break in active service does not exceed 30 days.
- The member is a Regular officer, commissioned or warrant, who is being separated under Chapter 36 of 10 U.S.C. (except under Section 630(1)(A) or 643 of such Chapter) or under Section 6383 of 10 U.S.C. (reference (d)) and has completed at least 5 years, but fewer than 20 years of active service.

(Continued)
Involuntary Separation Pay, cont.

Other categories are listed in DoDI 1332.29, June 20, 1991, pg 2

**Half Separation Pay (Non-disability)**

Half payment of non-disability separation pay, computed as provided in paragraph 3.3., below, is authorized to members of the Regular and Reserve components involuntarily separated from AD who meet each of following four conditions: (In extraordinary instances, Secretaries of the Military Departments concerned may award full separation pay to members otherwise eligible for half separation pay when the specific reasons for separation and the overall quality of the member's service have been such that denial of such pay would be clearly unjust.)

- Member meets one of the criteria for active service specified above
- Member's separation is characterized as "Honorable" or "General" as defined in enclosure 4 of DoD Instruction 1332.14, ENLISTED ADMINISTRATIVE SEPARATIONS

**Computation of Active Service and Separation Pay**

Separation pay for Service members eligible for full payment shall be computed at 10 percent of 12 times the amount of monthly basic pay to which entitled at the time of separation from AD times the number of years and fractions of a year of active service when separated. Separation pay for Service members eligible for half payment shall be computed at one half times what the full payment would have been.

**Extended Commissary and Exchange Benefits – 2yrs**

An Office of the Under Secretary of Defense Memo, dated 11 August 2009, ([click here to see the memo](#)), outlines the entitlement to continue use of commissaries and exchanges during the two-year period beginning on the date of a member’s involuntary separation.

A specific Separation Program Designation (SPD) code shall be used to designate involuntary separations. ## 60 Days CONUS

For Sailors selected by the ERB, the Vice Chief of Naval Operations has approved that “Commanders may authorize up to a 60 day transition period prior to separation within the authorities provided by the Joint Federal Travel Regulations. Those assigned overseas will be required to be INCONUS for at least 60 days prior to separation.”

The 60 day transition period may include permissive temporary duty for house hunting and other duty status such as TAD, Liberty, and modified work schedule. While not mandated, the transition may run concurrently with separation leave. Members serving OCONUS or in deployed units shall be transferred in a “temporary duty for separation” status in Accounting Category Code (ACC) 380, to a separation activity (homeport, TPU, etc.) in accordance with MILPERSMAN 1910-812. Command TAD funding may be used to assist Sailors, however, a centrally funded account does not exist. INCONUS Sailors can expend the 60 day transition period intermittently until separation.

The Federal Government has a long and outstanding record of employing veterans. There are laws providing Veterans' preference and special appointing authorities for veterans, as well as the fact that agencies recognize that hiring veterans is just good business. Federal service provides a means for veterans to continue their noble service to this country.

-Because of the diverse offerings, it is important to maximize the tools available through the USAJOBS system. USAJOBS is the one-stop source for federal jobs, including DON job announcements.

In mid-October, USAJOBS underwent a major upgrade to improve the applicant experience. Included in the upgrade are improved notification settings, more relevant search results, easier navigation and much more. Interested veterans should explore this site at www.USAJOBS.gov and become familiar with the key features.

Veterans need to invest time and energy to create an account and build a resume in USAJOBS. USAJOBS comes equipped with a resume builder and allows applicants to build and store up to five distinct resumes.

Resources for veterans seeking federal jobs are listed at www.fedshirevets.gov/job.

Federal civilian job opportunity announcements are posted on the U.S. Office of Personnel Management (OPM) USAJOBS website at www.USAJOBS.gov. In USAJOBS, you may:

1. Build and store up to five distinct resumes
2. Store up to 10 supporting job application documents
3. Search for Federal civilian job opportunity announcements
4. Create job search agents to alert you of newly opened announcements
5. Apply for Federal civilian job opportunities
6. Be informed of your Federal civilian job application status

Maximize your USAJOBS experience
As you start exploring USAJOBS website, consider and follow these seven tips:

- Tip 1: Get to know your Federal hiring eligibilities
- Tip 2: Invest your time and energy in creating a great Federal resume in USAJOBS
- Tip 3: Make one of your USAJOBS resume searchable by the Federal Human Resources professionals
- Tip 4: Obtain electronic copy of commonly required job application documents and save them under your USAJOBS account
- Tip 5: Before conducting a Federal civilian job search in USAJOBS, translate your Navy occupational Rating into related Federal civilian occupational Job Series
- Tip 6: Carefully read the job opportunity announcements and follow the job application instructions
- Tip 7: Set up your USAJOBS status notifications

Create a Federal Job Resume in USA Jobs

Federal resumes differ from private sector resumes. Federal resumes require detailed information about your specific work experience and other job-related information. Because Federal human resources (HR) professionals operate under various Federal employment laws, rules and regulations, they cannot infer from your previous Navy Ratings or job titles your applicable experience. It is up to you to describe your past work experience and detail how you qualify for the jobs to which you apply. The USAJOBS resume builder (available after you create a USAJOBS account at www.USAJOBS.gov) will prompt you to enter all the necessary information to create a Federal resume. There are resources available in the “Transitioning Service Member Employment Checklist” that will provide you with further assistance. This is especially important when writing detailed descriptions of your work experience - both paid and unpaid.

Some great resources include:
- Fleet and Family Service Centers (FFSC) – FFSC staff can assist with Federal resume writing, resume review and tips.
- Shipmate to Workmate (SM2WM) – Employment counselors who will mentor Sailors on the civilian hiring process. These consultants may be reached at NSSC_SM2WM@navy.mil.
- Online training sessions offered by TurboTAP at http://www.turbotap.org/register.tpp. This site offers various resume writing sessions, including those focused on decoding your military skills for civilian employers. Resume writing tips are offered at http://www.public.navy.mil/donhr/Employment/CivJobOpps/Pages/AllAboutYou.aspx.

### NAF Preference and Employment Opportunities

**Executive Summary of NAF Preference and Employment Opportunities at Commander Navy Installations Command (CNIC):**

Per CNIC Instruction 5300.2, effective 10 MAY 2011, there are a number of employment preferences including:

a. **Spouse Preference.** The “Employment Opportunities for Military Spouses” as amended (10 U.S.C.,1784) and Executive Order 12568, “Employment Opportunities for Military Spouses of Nonappropriated Fund (NAF) Activities give spouses preferential consideration for NAF positions at the NF-3 and below and equivalent CT positions. The preference may be used multiple times for flexible positions. Spouse Preference is considered used when the spouse is placed in a regular full time (RFT) or regular part time (RPT) position.

(1) Spouse employment has a very positive impact on the military and on military retention.

(2) Spouses eligible for preferential consideration are wives or husbands of an active duty military member of the U.S. Armed Forces, including members of the National Guard or Reserves on active duty. The marriage must have occurred before the military member received official PCS orders to the installation at which employment is being considered. Spouse preference applies to in-service placement actions.

(3) The time period of eligibility for spousal preference begins 30 days before the military member’s reporting date at a new duty station outside of the current duty station’s commuting area and applies without time restriction except that spouses seeking preference with less than six months time remaining in the area may be non-selected.

(4) Eligible spouses who are placed on applicant referrals to the selecting official shall be selected for the vacancy. Should there be more than one spouse preference eligible among the referred applicants; the selecting official may select the most qualified of the spouse preference eligible applicants using interviews or application review.
b. **Veteran’s Preference.** In competitive recruitment actions open to outside applicants, outside applicants with veteran’s preference will be selected over less qualified outside non-veteran’s preference applicants. One level of management above the selecting official will review and approve the non-selection of individuals with veteran’s preference. Veteran’s preference does not apply to in-service placement actions.

(1) Preference in Hiring for Voluntary Separation Incentive (VSI) or Special Separation Benefits (SSB) Programs for Military Members of the Armed Forces and their Dependents. Per 10 U.S.C., the heads of DOD components will take steps to provide preference in hiring by NAF Activities for qualified separated members of the Army, Navy, Air Force, and Marine Corps, and their dependents.

(2) Preference in Hiring for Involuntary Separation for Military Members of the Armed Forces. According to public law 101-510 [H.R. 4739], the Secretary of Defense shall take such steps as necessary to provide that members of Army, Navy, Air Force, or Marine Corps who are involuntarily separated, and the dependents of such members, shall be provided a preference in hiring by nonappropriated fund instrumentalities of the Department. Such preference shall be administered in the same manner as the preference for military spouses provided under section 806(a)(2) of the Military Family Act of 1985, except that a preference under that section shall have priority over a preference under this subsection. A person may receive a preference in hiring under this subsection only once. Please note that members must qualify as an involuntary separation under a specific set of code(s).

c. **Family Members in Foreign Areas.** Family members in foreign areas receive preference for all NAF jobs. Preferences apply when not at variance with the SOFA or as prescribed by DODI 1400.23.d. In regards to NAF employment opportunities, Commander Navy Installations Command (CNIC), we are involved with the Wounded Warrior Program and the Military Spouse Employment Partnership as part of our recruitment outreach efforts.

# TAB G: RESERVE AND GUARD

## Navy Reserve

America’s Navy Reserve is an essential element of the Total Force that is America’s Navy. Wherever the important work of the Navy is being conducted in the world today, whenever the Maritime Strategy that guides those efforts is being executed, Navy Reservists are there. Seamlessly supporting, actively contributing, effectively leading, and ultimately, serving a key role in helping America’s Navy to be A Global Force For Good.

The Navy Reserve Force Motto is “Ready Now. Anytime, Anywhere.” It reflects the essence of the Reserve mission and vision. Like all military reserve forces, the Navy Reserve is a supplement to the Active Component (AC). Currently, Reservists represent about 20% of the Navy’s Total Force. Within the structure of the Navy Reserve, there are organizational categories that further define your service responsibilities and commitment status. The Reserve Component is a force of highly trained men and women dedicated to meeting the needs of the Navy. Reservists provide essential skills and experience necessary to maintain crucial national security and support our nation’s interests. Reservists are currently integrated with the AC and fulfilling the Navy's mission worldwide.

Sailors exiting Active Duty should explore the Navy Reserve as a career opportunity. The Navy Reserve offers many benefits including unemployment compensation, retirement (at age 60 following 20 years of qualifying service), health and dental insurance, life insurance, education, and many others. Learn more about the [Navy Reserve](https://www.navy.mil/). Those Sailors who affiliate with the Navy Reserve and receive a Navy Reserve retirement must repay the involuntary separation pay (ISP) per OPNAVINST 1900.4.

The Uniformed Services Employment and Reemployment Rights Act (USERRA) clarifies and strengthens the Veterans’ Reemployment Rights (VRR) Statute. USERRA protects civilian job rights and benefits for veterans and members of Reserve components. USERRA establishes the cumulative length of time that an individual may be absent from work for military duty and retain reemployment rights to five years.

For more information about USERRA see the Fact Sheet located at [www.dol.gov/vets](http://www.dol.gov/vets).

## National Guard

Put your military experience to use and choose to serve in the Army or Air Force National Guard. The Guard offers a series of benefits ranging from competitive pay and education assistance to insurance and retirement benefits. A broad range of skills are learned through schools and job training, and leadership opportunities are numerous. Beyond these tangible benefits, most Guard members agree that the greatest benefit is the opportunity to serve their country, state, and community.

## TAB I: MISCELLANEOUS LINKS

| The Employer Partnership | The Employer Partnership (EP) was created as a way to provide America’s employers with a direct link to some of America’s finest employees – servicemembers and their families. Through the partnership, servicemembers can leverage their military training and experience for career opportunities in today’s civilian job market with national, regional, and local EP. Hundreds of employers participate, including companies such as FedEx, BAE, and Starbucks.  
Similar to a recruiter, the EP uses Program Support Managers (PSMs) to assist servicemembers and their families in their quest for suitable employment. PSMs work as liaisons with human resources departments at employer partners and various other employers and agencies across the country. In addition, they post information about job fairs and events and work with servicemembers to refine their applications for employment, resume writing, and interviewing skills.  
This partnership facilitates the transition that comes with a leave of absence from the civilian workplace to serve the nation. With military training and deployment schedules, servicemembers and their families can better prepare for a leave of absence and employers are afforded a more predictable picture of their future staffing needs. Employers may also see potential cost saving in recruiting and training. This partnership is a win-win situation for service members, employers and the Nation as a whole. For more information on this great program and partnership, visit [www.employerpartnership.org](http://www.employerpartnership.org). |

The Verification of Military Experience and Training (VMET) website, [https://www.dmdc.osd.mil/appj/vmet/index.jsp](https://www.dmdc.osd.mil/appj/vmet/index.jsp) helps veterans identify job skills, experience, training, and certifications gained while on active duty that may have application to employment in the civilian sector. VMET information may be used in building a civilian resume. The Mil2Feds website, [http://mil2fedjobs.com](http://mil2fedjobs.com), sponsored by the State of Maryland, serves as a military-to-civilian job translator, providing information to both applicants and hiring managers. |

| **Thrift Savings Plan (TSP)** | The Thrift Savings Plan (TSP) is a retirement savings and investment plan for Federal employees and members of the uniformed services, including the Ready Reserve. It was established by Congress in the Federal Employees' Retirement System Act of 1986 and offers the same types of savings and tax benefits that many private corporations offer their employees under 401(k) plans.

The TSP is a defined contribution plan, meaning that the retirement income you receive from your TSP account will depend on how much you (and your agency, if you are eligible to receive agency contributions) put into your account during your working years and the earnings accumulated over that time.

Find more information about the TSP program at [www.tsp.gov](http://www.tsp.gov). |
