**Any student may challenge a Math placement by taking the COMPASS.*
Factors that Cyber Security students must consider to finish in 4:

1. Math placement and finances for summer courses.

2. Financial Aid policies; for example:

- Math 211 “D”
  FA pays second time you take it
- Math 211 “C-”
  FA won’t pay a third time you take it because you technically passed, but you did not fulfill the C requirement.

3. Pre-requisite courses at ODU during summer.
