4:25 – 4:40 Office of Intercultural Relations
Ms. Aey Wongtrirat

4:40 – 4:50 Break/Undergraduate Evaluation

4:50 – 5:00 RCR Policy
Dr. Adam Rubenstein, Office of Research

5:00 – 5:15 Professional Development Programs
Dr. Wie Yusuf, PFF Steering Committee Chairperson

5:15 – 5:40 Graduate Student Q & A Panel

5:40 – 5:55 Key Issues for Graduate Academic Success
Dr. Robert Wojtowicz, Dean, The Graduate School

5:55 – 6:00 Wrap-up/Evaluation
Dear ODU Students:

Welcome to Old Dominion University! The Office of Transportation and Parking Services has implemented an on-line permit ordering process to streamline the purchasing of permits called the ODU Parking Portal. This portal can be accessed by visiting odu.edu/parking and clicking the ODU Parking Portal button located on the right side of the screen. You will need your Midas ID and password to gain access to the ODU Parking Portal. If you experience technical difficulties, please contact the TPS Office for assistance.

Once you have created your ODU Parking Portal Account you will be able to manage the following:

1. Add/Remove vehicles
2. Buy Permits
3. Pay/Appeal a Citation
4. Edit mailing address
5. Change Payment Type (MC, VISA, Discover, or Payroll Deduction)

Your receipt from the ODU Parking Portal acts as your temporary permit until you receive your plastic hangtag permit in the mail (Please allow 5-10 days). Please display your temporary permit on the dashboard of your vehicle to avoid receiving a citation.

Parking Permits are on sale now for the Fall and Spring Semesters. If you buy your parking permit on the ODU Parking Portal before August 27th at midnight, you will be entered to win our Permit Raffle for 1 of 5 Free Permits! If you name is drawn, you will receive a refund of your total permit cost within 4-6 weeks.

If you have any questions regarding the purchase of your permit, please contact the TPS Office for assistance.

Sincerely,

ODU Transportation and Parking Services
### 2017-2018 Student Permit Types & Pricing

<table>

1. Freshman are not permitted to bring a car on campus their first year. If you have an extenuating circumstance you can apply for a waiver to this policy (odu.edu/parking).
2. Lost or stolen permits may be replaced by paying a $23 replacement fee.
Graduate Student Health Insurance

Overview

Old Dominion University has entered into a contract with UnitedHealthcare Student Resources to offer the 2017 - 2018 Student Injury and Sickness Insurance Plan. The plan, designed specifically for all international students and graduate students who meet the eligibility criteria, is intended to provide health insurance at reasonable cost.

Plan Highlights

- This plan complies with the Affordable Care Act (ACA) requirements for student health plans. Health insurance plans are rated on a metal leveling system, with Platinum being the highest and Bronze being the lowest. This plan is rated as Gold level coverage, which is considered to be very good and designed to pay approximately 80% of the total cost of the policy's benefits.

- No annual plan maximum.

- Low deductibles - $250 for in-network and $500 annually for out-of-network annually.

- Low out of pocket maximums - $4,000 for in-network and $7,000 for out-of-network annually.

- Deductibles, co-insurance, and co-pays (including prescriptions) all apply to the out-of-pocket maximum.

- To receive the prescription drug benefit, an in-network pharmacy must be used.

- For more information about the plan or to see the lists of in-network doctors and pharmacies, go to [www.uhcsr.com/odu](http://www.uhcsr.com/odu).

Eligibility & Enrollment

International Students

- International students with F-1 and J-1 visas are enrolled in the Student Injury and Sickness insurance plan upon registration for coursework. J-1 Scholars and F-1s on OPT are eligible to enroll. Costs associated with enrollment will be added to the tuition statement. International students that have questions regarding this process or wish to waive coverage or must contact VISA at [intstu@odu.edu](mailto:intstu@odu.edu) for assistance.

Domestic Graduate Students

- All degree-seeking students enrolled in courses at Old Dominion University's main campus or one of the regional higher education centers are eligible to enroll themselves and eligible dependents. Enrollment is done online at [www.uhcsr.com/odu](http://www.uhcsr.com/odu). Look for the “Enroll Online Now!” link. Payment in full is required when you enroll.
Graduate Assistants

- All graduate assistants earning $5,000 or more a semester from ODU, Research Foundation, or a combination of both are eligible to enroll in a subsidized plan. The subsidized plan provides a taxable monetary subsidy paid to the student. The amount of the subsidy for the 2017 – 2018 academic year is $1,100. The subsidy is paid by semester, $500 for Fall 2017 and $600 for Spring 2018. Eligible graduate assistants will receive an email with a link to enroll during the open enrollment period. Requests for enrollment will be reviewed. Students will be notified of their eligibility and, if approved, will be given a link to the UnitedHealthCare StudentResources to complete the enrollment process and to pay for coverage.

Questions regarding eligibility for coverage should be directed as follows:

- Domestic graduate students and graduate assistants should email gradhealth@odu.edu.
- International graduate students should email intstu@odu.edu.

Additional Resources

The Student Health Center has information on additional resources for health insurance coverage available on their https://www.odu.edu/life/health-safety/health/monarch-wellness/physical-wellness/student-health-center/billing/insurance.

Old Dominion University does not offer legal advice or recommendations regarding health insurance options for students. Students with general questions about health insurance may contact Jenny Foss, Director, Student Health Services at 757-683-3132.

Rev. 8/17
Virginia State Law requires new full-time students to submit a health history with immunization records to the university. Please complete your medical history online in the Patient Portal and upload your health/immunization information using the “Document Upload” tab on the Student Health Services Patient Portal. Use the link below to access a printable copy of the required form if you plan to bring it to Preview (orientation). Log in to the Patient Portal from the same link. Use your Midas ID and password to log in.

https://www.odu.edu/life/health-safety/health/monarch-wellness/physical-wellness/student-health-center/pre-entrance-requirements

Visit our web page for information on the requirement, access the Patient Portal, or print the required form if you would like to send your form by U.S. Mail or plan to bring it to Preview.

Questions? Give us a call at 757-683-3132.

Thank you for helping us care for the health and safety of all our students – including you!
10 Health Tips for Student Success

Encourage your Student to be Healthy & Productive!

1. **BREAKFAST.** Whether they are rolling out of bed at noon or up at the crack of dawn for class, a healthy breakfast will give them energy and help students concentrate on school work and not their growling stomach.

2. **EAT HEALTHY.** Your student should try to incorporate at least a few fruits and vegetables into their diet each day AND limit junk food. Sugary foods may taste yummy, but can leave students feeling sluggish.

3. **WORK IN WALKING.** Walking is a great form of transportation on campus. There’s no better way to work exercise into a busy schedule than walking at a brisk pace around campus.

4. **RELIEVE STRESS THROUGH EXERCISE.** Encourage your student to spend some time at the Recreation and Wellness Center; it’s free for ODU students. Regular exercise can help with stress reduction.

5. **GET A FLU SHOT.** Getting the flu in college could really set your student back. Students can avoid the fever, aches, fatigue and cough associated with the flu by getting a flu shot. Student Health Services offers flu shots at low cost to ODU students.

6. **BE PREPARED FOR & TRY TO PREVENT MINOR ILLNESS AND INJURIES.** Having a thermometer, Tylenol, a decongestant and cough syrup will help your student to take care of themselves if they get a cold. An antibiotic ointment (like bacitracin) and bandaids will be helpful for minor cuts. It’s also important to remind your student to wash his/her hands – studies have shown that simple hand washing can help prevent a large number of illnesses.

7. **ALCOHOL & GPA DO NOT MIX.** Studies have shown that as alcohol consumption increases, GPA decreases. Your student should not risk academic success by consuming alcohol irresponsibly.

8. **GET ENOUGH SLEEP.** Without sleep, students are not able to concentrate well enough to get the most out of their classes.

9. **GET TESTED.** Sexually transmitted infections are common on college campuses and if your student is sexually active, he/she should get tested. Condoms are sold at the health center for a small fee and students can pick-up 3 condoms for free! STI testing is also available at Student Health Services.

10. **STUDENT HEALTH SERVICES IS HERE FOR YOU!** If your student has a health concern, he/she may schedule an appointment by calling 757-683-3132. The health center also offers FREE health promotion programs throughout the year! Student Health Services has extended hours Monday through Thursday until 7pm. For emergencies or urgent medical questions after hours, call 757-683-4000.

MISSION

The Office of Student Conduct & Academic Integrity (OSCAI) oversees the administration of the student conduct system as outlined in the Code of Student Conduct. Through our interactions with students, we hope to foster a climate of personal and academic integrity that facilitates the success of all University community members.

GOALS & OBJECTIVES

- Create an environment that provides the best opportunity for academic inquiry and learning
- Assure students a fundamentally fair opportunity to resolve allegations when they have been accused of violating the Code of Student Conduct
- To protect members of the University community from harm resulting from the misconduct of the few students who fail to respect the rights of others
- To help ensure order in the University community

OFFICE FUNCTIONS

- Receive reports of academic and nonacademic misconduct and oversee the resolution process
- Provide consultation, training, and education to students, graduate teaching assistants, faculty, and administrators on issues of classroom disruption and academic integrity
- Train and supervise Conduct Officers
- Provide outreach, consultation, training and programming for the University Community, including classroom presentations
- Oversee the Student Conduct Advisor Program
- Supervise the Academic Integrity Council
- Perform student conduct background checks
- Oversee the Amnesty Program
- Interim Suspensions
- No Contact Orders
- Facilitated Conflict Resolution
- Student Organization Conduct and/or Investigation
- Hold Application & Removal

TOP 10 THINGS TO KNOW ABOUT OSCAI

1. The six current OSCAI staff members have over 45 years of combined student affairs experience.

2. Each year, OSCAI staff devote over 100 hours to campus outreach through trainings and presentations.

3. OSCAI partners with faculty, staff, and students to support students through the Conduct Advisor Program, which trains volunteers to support students going through the conduct process.

4. OSCAI conducts at least 1500 background checks per year, which help students and alumni in obtaining internships and employment.

5. OSCAI has oversight of the Academic Integrity Council, a panel of faculty and students who address academic integrity concerns.

6. OSCAI oversees the amnesty policy, which gives amnesty from policy violations involving underage drinking or drug use at the time of help-seeking for students who actively seek medical help for themselves or others, or for students who provide help-seeking assistance to victims.

7. Because the Code of Student Conduct is based on shared values, it sets a range of expectations for University students and student organizations no matter where or when their conduct may take place. All students are expected to assume responsibility for their conduct.

8. While student conduct records are private and protected by FERPA, OSCAI discusses student conduct with parents at the request of the student.

9. OSCAI staff help to protect campus safety by taking interim measures that protect the campus and providing educational opportunities to students who violate the Code of Student Conduct.

10. OSCAI collaborates with almost all areas of the University to ensure student success.
Technology Services
for new students

We strive to provide technology resources that will help you get the most from your college experience. Here are just some of the services we support. Find more at odu.edu/ts/new-student.

Access and Accounts

MIDAS midas.odu.edu
Your MIDAS ID and password unlock a majority of accounts and IT resources.

myODU Portal my.odu.edu
Access most tech services in one place, including email (monarchs.odu.edu), Blackboard (blackboard.odu.edu) and Leo Online (leoonline.odu.edu).

ODU Alerts odu.edu/alerts
Opt in to receive urgent campus alerts by email, text or phone.

Software

Anti-virus software odu.edu/its
McAfee anti-virus is available to all students at no charge (Windows or Mac).

Microsoft Office 365 odu.edu/office365
Download and use the latest version of Microsoft Office on Windows or Mac.

Other Software odu.edu/ts/software-services
Many educational software titles are available for personal use either free or at a discounted rate through our site license program.

Computing on Campus

Computer labs odu.edu/ts/labs-classrooms
Computer labs are located in Webb Center, the Learning Commons, some academic buildings and residence halls, and all Higher Education Centers.

Printing odu.edu/print
Students receive $1.25 in their printing accounts at the beginning of each semester; additional printing charges are deducted from Monarch Plus.

Virtual environments odu.edu/ts/labs-classrooms/virtual
Access a virtual ODU lab computer any time, from any Internet-enabled device.

Responsible Computing

Protect your accounts: You are responsible for all activity on your University accounts. Use strong passwords, change them often, and never share them with others. (You are required to change your MIDAS password every 180 days.)

Protect your future: ODU takes copyright laws very seriously. Don't risk your future by downloading illegally.

Protect your computer: Keep your operating system and software updated, install anti-virus software, and back up personal data frequently.
Collaboration Tools

Adobe Connect connect.odu.edu
Many of our online courses make use of Adobe Connect, a web conferencing product that allows users to conduct live meetings and presentations over the internet with multiple users.

WebEx odu.edu/webex
WebEx is a cloud-based web conferencing service available to ODU faculty, staff and students that allows users to host and participate in meetings over the Internet.

WordPress odu.edu/wordpress
Create and publish your own websites with WordPress at ODU. The WordPress professional suite is available to the entire campus community, with dozens of themes, easy content management and a library of custom plugins.

Box odu.edu/box
Box is a flexible cloud-based file sharing and collaboration tool. Everyone at ODU has unlimited online storage space to access and share files with anyone, from anywhere, on any device.

Google Apps odu.edu/googleapps
Google Apps provides a platform to share information and ideas using Google’s communication, collaboration and publishing tools. Create documents, spreadsheets and calendar events, as well as communicate using chat and video messaging.

Large File Transfer System lfs.odu.edu
The ODU Large File Transfer System is available to all ODU faculty, staff and students. Upload your large file(s) to the central server and provide the recipient's email address. The system sends the recipient an access token for retrieving the file.

Collaborate goo.gl/91Hsfh
Blackboard Collaborate is a comprehensive online learning and collaboration tool designed specifically for education and is already part of your Blackboard course. Collaborate lets you add files, share applications, and use a virtual whiteboard to interact. Whether you're taking a fully online course or you just want to have a virtual study group after class, it is easy to create a collaborative learning environment with your classmates and professors from anywhere.

Lynda.com odu.edu/lynda
Lynda.com features online video courses on the latest software, creative and business skills taught by recognized industry experts. All students, faculty and staff have FREE access to the entire lynda.com training library.

Research Computing

Geographic Information Systems (GIS) odu.edu/faculty/staff/research/resources/computing/gis
The Geographic Information Systems (GIS) team works closely with faculty, staff and graduate students to help them integrate geographic information and analysis into their research, projects and course work.

High Performance Computing (HPC) odu.edu/hpc
The ITS research computing group works closely with researchers to provide access to computational resources at the University. Technical consulting is provided for compilers, libraries and applications in the high performance computing environment. For more information or to discuss specific research computing needs, contact hpc@odu.edu.
