Non-instructional Part-time Faculty – A person hired in a part-time non-teaching and non-research position with responsibilities that are comparable to administrative and professional faculty. This category is also referred to as “4031”, which is the budget subaccount code used to designate the funding for this type of employee.

Rehired Employee – An employee who previously separated and is currently employed again at the University.

Sensitive Position - The Code of Virginia (§2.2-1201.1) defines sensitive positions as those “generally described as directly responsible for the health, safety and welfare of the general populace or protection of critical infrastructures; that have access to sensitive information, including access to federal tax information in approved exchange agreements with the Internal Revenue Service or Social Security Administration; and that otherwise required by state or federal law to be designated as sensitive.” Examples of sensitive positions include police officers, nurse practitioners, and information systems security administrators. (Wage employees are sometimes referred to as hourly employees.) Wage employees have no guarantee of employment for a particular term or a particular daily or weekly work schedule; they serve at the will of the designated hiring official, and may be terminated at anytime.

D. SCOPE

This policy applies to new and rehired classified employees, teaching and research faculty, administrative and professional faculty, adjunct faculty, non-instructional part-time faculty, wage employees, and current employees who are transferred, promoted, or redefined into sensitive positions.

This policy may also apply to student employees, graduate assistants, volunteers and interns who are in certain positions that handle sensitive data and/or work with minors.

E. POLICY STATEMENT

Old Dominion University is committed to providing a safe and secure environment for its students, employees and visitors. To that end, the University conducts criminal background checks on new, rehired, and current employees who are transferred, promoted, or redefined into sensitive positions.

As a condition of employment, the Department of Human Resources and the Office of Academic Affairs will conduct confidential criminal background checks on new and rehired teaching and research faculty, administrative and professional faculty, adjunct faculty, non-instructional part-time faculty, classified employees and wage employees. A background check will not be conducted on employees who were rehired within six months of their separation date if a background check was previously conducted.

Criminal background checks will also be conducted on current employees who are transferred, promoted, or redefined into sensitive positions. Virginia Code 2.2-1201.1 requires that fingerprint-based criminal history checks must be conducted on finalists for sensitive positions.

Criminal background checks may also be conducted on students, graduate assistants, interns and volunteers who are in certain positions that handle sensitive data and/or work with minors.

Criminal background checks on volunteers will be conducted in accordance with University Policy #6023, Policy for the Use of Non-Research Related Volunteers.

The following departments conduct their own criminal background checks:

1. ODU Police Department – The ODU Police Department conducts its own background investigation of applicants for sensitive positions within the Department.

2. Office of Teacher Education Services – The Office of Teacher Education Services conducts its own background checks for student teacher supervisors.

3. Darden College of Education – The Darden College of Education conducts its own criminal conviction investigation of applicants for positions working with children in the Children’s Learning and Research Center, which includes a sexual assault/molestation, child abuse and criminal history background check.

4. College of Health Sciences – Select programs in the College of Health Sciences require background checks when clinical placements or service learning activities involve working with patients or other vulnerable population in the community. The background check includes, The Patriot Act search, Social Security Alert, Residency History, Criminal Records, Federal Criminal Records and Sex Offender.

Other University activities and programs may require criminal background checks, as required by law. Certain other positions not described above may also require a criminal background check.
F. PROCEDURES

1. Conducting the Criminal Background Checks

Selected candidates for positions at the University must complete an Authorization and Consent for Release of Information form to consent to a criminal background check. In compliance with the Fair Credit Reporting Act (FCRA), the candidate will also receive a copy of A Summary of Your Rights and Consumer Disclosure Form.

Normally, criminal background checks will include a criminal felony and misdemeanor court search based on a social security number trace and a National Sex Offender Registry search as well as other appropriate sources of background information. The Department of Human Resources and the Office of Academic Affairs staff will conduct the criminal background check in the appropriate systems. For candidates who resided in the Commonwealth of Virginia within the last seven years, the background check is conducted in the Virginia State Police criminal record check system. If the candidate has lived outside of the Commonwealth of Virginia within the last seven years, an alternate system will be used.

2. Review Process

Although a background check will include at a minimum a criminal history and social security number trace, it is the responsibility of the hiring manager to check employment and/or personal references and to verify required professional licenses and certifications prior to submitting a request for a formal background check. Academic degrees will continue to be verified through the National Student Clearinghouse, the appropriate institution, or vendor. If required for the position, a Motor Vehicle Report (MVR) may also be requested by the hiring official. Depending on the job-relatedness, additional background information such as a credit check may be requested by the hiring official. This determination will be made in consultation with the Department of Human Resources.

If criminal convictions are found and are considered job-related, the Department of Human Resources or the Office of Academic Affairs staff will notify the hiring manager as soon as possible. In compliance with FCRA, the candidate will be given an opportunity to explain any negative information and copy of a summary of his or her rights under the FCRA. The candidate may be asked to provide additional about the offense(s) and the job-relatedness of the convictions will be determined by the Department of Human Resources. The determination may be in consultation with University Counsel, the Office of Institutional Equity and Diversity, the Dean of the College, the Chair of the Department, and the hiring manager. The candidate will be granted a reasonable period (five days) to contest the information. Failure of the applicant to provide requested documentation may result in the applicant’s removal from further consideration for employment. The decision to offer employment by the hiring manager must be based on the following factors:

a. the nature and gravity of the offense or offenses;
b. the time that has passed since the conviction and/or the completion of the sentence;
c. the nature of the job.

The hiring manager must submit a written justification of the decision to hire to the Vice President for Human Resources. If the hiring manager and the Vice President for Human Resources agree on the decision, the approval will be documented and the Department of
Human Resources and/or the Office of Academic Affairs will notify the applicant accordingly. If the hiring manager and the Vice President for Human Resources are in disagreement, the Vice President for Human Resources and University Counsel (and AVP of Equity and Diversity if necessary) will make the final determination in consultation with the appropriate senior administrator.

A note regarding the outcome of the criminal background check is retained in the confidential position recruitment file. The criminal history report obtained during the hiring process will be destroyed by shredding once it has served that purpose.

If an adverse employment action is taken as a result of the criminal background check, the Department of Human Resources, as required by the Fair Credit Reporting Act, will provide the candidate the name, address, and phone number of the agency that provided the information.

3. Preliminary Offers

Employment offers are not made until after the results of the background check have been received; however, contingent offers may be made to candidates for teaching and research faculty, administrative and professional faculty, adjunct faculty and non-instructional part-time faculty positions. The offer letter must include language that the continuation of employment is contingent on the satisfactory results of the background check.

4. Access to Criminal Background Check Details

Virginia limits persons who have access to the details in a criminal background check. This policy will limit access to only those persons permitted by law.

5. Sanctions

Violations of University policies, including providing false or misleading information used for any of the above background checks, will be handled in accordance with applicable University policies and procedures; which may include corrective actions up to and including separation from the University.

G. RETENTION

Applicable records must be retained and then destroyed in accordance with the Commonwealth’s Records Retention Schedules.
