The PSVTR Visualization test is part of a Blackboard self-enrolling organization. To access Blackboard, you will need your MIDAS ID and password. You can access Blackboard through your student portal or by going to the following link: https://www.blackboard.odu.edu/

Once you have logged on to the ODU Blackboard page, you will see that you are under the page “My Blackboard & Courses”. To get to the organizations, select the tab on the upper-right corner that says “My Professional Learning”. This brings you to the organizations in which you are enrolled.

Make sure you have “My Professional Learning” selected. On the left side of your screen, you should see an “Organization Search”. Type in “visualization” and select “go”.

The organization “ENGR_SPAT_VISUAL” should appear. Hover over the title: a dropdown menu arrow will appear. Select the arrow.

Select “Enroll”. This should take you to a new page.
A confirmation page should appear. Select “Submit”.

A confirmation page that you are enrolled in the course should appear. Select “OK” to be taken to the organization.
Once you are in the organization, you should notice and carefully read the directions. The PSVTR Exam will not appear until you have viewed both the test directions and the honor code, and agreed to the honor code by signing your name.

Review the directions. These are in PDF form. Once you are done reading the directions for the exam, go back to "Information" and view the honor code agreement.

The honor code agreement is a test on Blackboard. If you somehow view the honor code and forget to type in your name, you can return to it later; however, the PSVTR test will not appear until you have completed the honor code agreement.
Begin the honor code agreement. This is a one question assessment where you should type your first and last name into the box to agree to the terms of the test.

Be sure to type your full name into the submission box, then submit.

Once you have both viewed the directions and completed the honor code agreement, the exam should now be visible and accessible under the tab “Exams”. Be sure to check the box that you viewed the directions.
When you arrive at the exams tab, you should now see "PSVTR Questionnaire". This is your visualization test. Click on the link to the test.

Click "Begin" to start. This test has forced response and if you do not finish the exam in one sitting, your exam will be graded as you leave it. Be sure to have a strong internet connection and adequate power source before beginning the PSVTR exam.

Do your best on your visualization test!
