VI. INFORMATION ITEMS

Committee members received the Annual Report on Committee Actions. In the report from the Provost, Austin Agho provided information on faculty promotions for 2018-19. In the report from the Vice President for Research, Morris Foster provided more detail on the digital shipbuilding appropriation. The appropriation represents an important investment from the state in the relationship between Newport News Shipbuilding, Siemens, the Virginia Ship Repair Association and ODU and will help the University expand in the advanced manufacturing domain and become an engine for regional economic development.
