Following closed session, the Committee reconvened in open session and Dr. Unwanna Dabney read the Freedom of Information Act Certification with a second from Mr. Larry Hill. The certification was approved by roll-call vote (Aye: Dabney, Decker, Dickseski, Hill; Nay: None).

ITEMS FOR REVIEW
Office of University Advancement – Mr. Alonzo Brandon, Vice President for University Advancement, opened the meeting by presenting dashboard items measuring productivity in the area of Development. He noted that we are over halfway mark of the Fundraising Initiative (FI) in just four years. Typical campaigns last seven to ten year, so we are ahead of the curve. Mr. Brandon reported amount raised to date for the FI was $185 million and $4 million had been raised since the June committee meeting. There is an interim goal to raise $17 million in this fiscal year, which is lower than most years due to COVID-19. Mr. Brandon reviewed the FI breakdown by key areas including scholarships, academic enhancements, athletics, student success and special projects. He explained that efforts would now shift more to the colleges to help raise the remaining amount. He discussed the breakdown by foundations and major gift categories. He noted that Planned Giving will increase over the next few years, specifically because donors are revising their wills due to the pandemic. Mr. Brandon reviewed a breakdown of gifts by amount and constituency type. At this point in the campaign, the focus is shifted to lower level gifts, but due to the pandemic, nationwide, these gift levels are trending down. He noted staff would be increasing their focus on corporate and foundation giving over the next year.

Mr. Brandon continued the meeting by giving an overview of University Advancement. He reviewed the mission, departments included within University Advancement and their goals. These include Development, Athletic Development, Foundations, Alumni Relations, Community Development Corporation and Community Engagement. In speaking Athletic Development, he noted that we are responsible for 45% of the scholarship bill. The Foundations office does the accounting for not only the Educational and Athletic Foundations, but also the Real Estate Foundation, Alumni Association and Barry Art Museum. Mr. Brandon discussed events and programs coordinated by the Alumni office. Each year, $210,000 comes back to scholarships and programs. He concluded discussing Community Engagement and University Events, which when you add in all university, alumni and development events, it totals over 300 events in a year.

Mr. Brandon concluded the meeting by discussing the six policies related to the University Advancement committee. Over the next few meetings, each policy will be reviewed, and suggestions made for revisions. The first policy that needs revision is Policy 1801, which will be examined at the December meeting.
With no further business to discuss, the meeting was adjourned at 3:02 p.m.
