9. **To add a new account**, click *Add New* from the *Proposed Pay Distribution* section a pop-up box will appear entitled: *Add Pay Allocation – Create New.*

You will be prompted to key the new bank routing number, account number, and account type in the pop-up box. **Please make sure this information is correct!**

After entering the correct account information, you may select the amount you desire from the options listed in the pop-up box. You must also check the box authorizing payroll to credit or debit your account before moving on.

Finally, click *Save New Deposit.*

**NOTE:** The *Create From Existing Account* option should only be used when setting up your Accounts Payable Direct Deposit using one of your existing payroll accounts!

The new bank information will appear under “Proposed Pay Distribution”

---

**Making Changes to an Existing Account**

To make changes to an existing account, select the account you wish to change from the *Proposed Pay Distribution* section. After selecting a designation, be sure to check the *Disclaimer* check box, then click *Save New Deposit.*

You may change the account type, amount, or priority:

**NOTE:** The payroll amount is designated as *Remaining, Specific,* or *Percentage* (see above).

- **Remaining** is used to deposit the amount of your paycheck after all prior allocations are deposited into the designated accounts. **You will not have the option to select a priority for “Remaining” because it will always occur last.**
- Use *Specific Amount* to deposit a designated dollar amount into an account then select the priority.
- Use the *Percentage* to designate a percentage of your pay to a specific account the select the priority.
