Introducing SmartShopper

The Commonwealth is very excited to bring in SmartShopper as part of the Commonwealth of Virginia Care (COVA Care) and Commonwealth of Virginia High Deductible Health Plan (COVA HDHP).

SmartShopper is an incentive and engagement program designed to encourage members to shop for better-value/lower-cost medical services, such as certain procedures or tests. Members register for the program, shop and receive a cash reward which varies depending on the covered service and selected provider. The incentive will be paid in paychecks for active employees, and by check mailed to a retiree group member, about 60 days after the claim is paid. Be advised that when a covered family member earns a cash reward, it will be paid to the enrolled participant, not the family member. Here are links to an overview and a list of covered services included in the program. For more information, visit cova.vitalssmartshopper.com

IMPORTANT PAYROLL TAX INFORMATION

IMPORTANT FEDERAL AND STATE TAX EXEMPT INFORMATION FOR 2019

If you are claiming exempt status for federal or state income tax withholding in calendar year 2018 the Internal Revenue service and Commonwealth of Virginia tax regulations require submission of a new W-4 or VA-4 form to continue the exemption for the 2019 calendar year. EXEMPT STATUS MEANS NO FEDERAL AND/OR STATE TAXES ARE WITHHELD FROM YOUR PAYCHECK.

To renew your tax exempt status for 2019, you must submit a 2019 W-4 and/or VA-4 form to the Payroll Office in Spong Hall no later than February 15, 2019. If you claimed exempt for either Federal or State withholding and the Payroll Office does not receive a new 2019 W-4 and/or VA-4 form by February 15, 2019, your federal and state withholding status will be changed to reflect the last tax form on file prior to claiming exempt or Single “0” and you will be taxed at the applicable tax rate. Refunds for excess tax withholding may be obtained when you file your 2019 income tax returns only. If you do not have access to the 2019 tax forms please indicate the calendar year for the tax exempt status on the W-4 or VA-4 you submit claiming exempt.

Employees may want to file an amended W-4 form if your tax filing status or exemption allowances have changed since your last filing. If you have questions about completing the W-4 or VA-4 forms, please contact your Payroll Processor.

EARNED INCOME CREDIT

If you are eligible for Earned Income Credit in 2018, you must claim the credit on your personal income tax return for 2018; refer to the IRS Notice 797 for detailed information.

W-2 REMINDER

Electronic receipt of W2’s will be available for CY 2018 for all active employees on or before January 31, 2019. You must use Leo Online and give your consent to receive your Tax form electronically. Go to Leo online. From the Main Menu, select (1) Employee (2) Tax Forms (3) Electronic W2 Consent (4) Then under Selection Criteria you will see a box with the words “My Choice” above it. Click the box (5) then click submit. You will NOT receive a confirmation message – if the box is checked after you click submit, you have consented. If you have already consented to receive your W2 electronically, please do not resubmit.

By consenting to receive your W-2 electronically, you agree to return to this site between January 31 and October 15 of the appropriate year to print your W-2 form on-line. You may be required to print and attach your W-2 form to a Federal, State, or local income tax return.

Your consent will be valid for all subsequent tax years unless revoked by you, upon termination, or if this service is not supported in a future given tax year. You may revoke your consent and receive a paper Form W-2 by accessing the site and unchecking the consent box, or providing written notification to the Payroll Office.

W-2 forms for those who do not consent to receive electronic W-2s and for terminated employees will be mailed to the home address on file on or before January 31, 2019.

BEWARE OF “SPOOFING” EMAILS

We have seen a rise in phishing attempts that seem to come from high level administrators with urgent requests for money or information.

Business Email Compromise Attacks (BEC)

A BEC is a highly focused phishing attack in which a cyber-criminal impersonates a company’s executive in an attempt to get an employee, customer or vendor to transfer funds or sensitive information. The criminal will often study recent company news or research employees on social media in order to craft a very convincing message, making it harder for spam filters (and victims) to spot the fake.

BEC attacks can come from an email account that has been successfully phished, or it could come from a lookalike domain that is one or two letters different than the real address. These urgent requests usually appeal for money or sensitive data.

If you suspect a BEC attack:
1. Forward the email to phishing@odu.edu for investigation.
2. Double-check directly with the sender in person or by phone before responding with information, no matter who the email is from or how important the request seems.

More information regarding safe internet and computing practices can be found at www.odu.edu/cybersecurity. If you fall victim to a scam, it should be reported to police@odu.edu.

“Phishers have posed as deans and department chairs, asking professors to purchase and send photos of gift cards for iTunes or Amazon. The scam has been employed nearly identically at departments from Harvard University to Appalachian State University, from the University of Houston to the University of Iowa.

Early in the exchange, the scammers often say they are “in a meeting”— what dean or department chair doesn’t have long meetings? — but promise to reimburse the professor soon. The sender’s email address doesn’t raise red flags because, in many cases, the scammers have created a fake email account that includes the name of the person they impersonate.”

License Plate Recognition (LPR)

This semester, Transportation and Parking Services has implemented License Plate Recognition (LPR) for parking enforcement. Once you confirm your current vehicle license plates are linked to your current parking permit, you will no longer need to display your plastic hangtag permit.

What's different?
A valid ODU parking permit will still be required to park on campus, and permit holders will still be assigned to specific locations to park. Rather than displaying a physical permit, a "virtual permit" will be associated with license plate(s) on the customer's account. An important change to the system is the need for permit holders to keep accounts, particularly license plates numbers, accurate and up to date.

Click HERE to learn more about the benefits of the new system!

*NEW POLICY*
Civility in the Workplace - Civility Policy, DHRM Policy 2.35

There is a recent update that combines both the former Workplace Violence and Workplace Harassment policies. The new Civility Policy now addresses bullying/cyber bullying and conduct related to social media that was not previously addressed in the order of policies. This updated policy serves as a reminder to all individuals within the workforce to be aware and sensitive to conducting themselves in a respectful manner towards others. This standard is the expectation for every level of our organization.

The Civility in the Workplace policy defines prohibited conduct in general terms. Because all potential behaviors cannot be anticipated or listed, this guide provides some examples of prohibited behaviors but is not intended to be all inclusive.

Prohibited conduct may be considered discriminatory or non-discriminatory.

- Discriminatory conduct is behavior that targets individuals in protected classes and is illegal.
- Non-discriminatory conduct is demeaning, intimidating, or insensitive behavior that is not targeted specifically toward individuals based on their characteristics or affiliation with a particular group, class, or category.

Disciplinary actions to address prohibited behaviors may be taken on a progressive basis or actions may be taken upon the first occurrence, depending upon the nature and seriousness of the conduct. The context of the behaviors, nature of the relationship between the parties, frequency of associated behaviors, and the specific circumstances must be considered in determining if the behavior is prohibited. A “reasonable person” standard is applied when assessing if behaviors should be considered offensive or inappropriate.

Please review the new Civility Policy, DHRM Policy 2.35 and the accompanying Policy Guide - Civility in the Workplace, Prohibited Conduct/Behaviors in its entirety.

## ODU Instructions - Employee of the Month Nominations

Any employee may nominate an hourly, classified or administrative and professional faculty member for the Employee of the Month Award.

Nominations should be forwarded to the immediate supervisor of the nominee. (Nominators may contact Human Resources for supervisor’s name.) The immediate supervisor must support the nomination indicated by signing the nomination form. The immediate supervisor will obtain the support/signature of the department head and will submit the completed nomination form to Human Resources (Attention: Jerry Dye).

Human Resources will verify the eligibility of the nominee prior to submitting the nomination to the selection committee. HR will verify that the employee has worked for the University for at least 12 months, that the most recent performance evaluation was satisfactory and that no formal discipline has been issued within the prior 12 months.

Please consider the selection criteria listed on the nomination form. Provide detailed information (examples are great!) about the employee’s exemplary performance. Selection will be based on the information provided in the nomination form.

Nominations will remain active for six months from date of receipt in Human Resources.

Please contact Jerry Dye (683-3046) in Human Resources if you have questions.
