Military Leave

Employees who are members of any reserve component of the Armed Forces of the United States are eligible to take military leave with pay for up to 15 workdays in each federal fiscal year (October 1 – September 30) for federally funded military training duty. Military leave for up to 15 workdays shall also be granted to members of the Virginia Defense Force or the National Defense Executive Reserve when it is for training specifically approved by the Governor or their designee.

It is imperative that employees furnish their supervisor and the Department of Human Resources with some type of documentation from a responsible military official indicating the dates and type of required military training. Notice should be given prior to the beginning of the training. In cases of emergency call-up, employees shall notify their supervisor and Human Resources of the call-up for duty as soon as possible.

Supervisor Information

It is imperative that supervisor information is kept up-to-date. If the incorrect supervisor is listed in the systems, it will impact reporting, web time entry (which could affect the employee being paid), performance management workflow and the separation workflow. When a change occurs, please send us the name(s) and UIN of the employee(s) and the new supervisor name and UIN.

Rehire Policy

According to the 2016 Affordable Care Act (ACA) regulations, if a full-time or quasi-full-time (work at least 32 hours per week) employee separates, they cannot be rehired at the same agency into wage positions (inclusive of adjunct and 4031 positions) until they have been separated for 26 weeks.

If you have any questions, please contact Pam Harris

Data Clean Up

As part of fiscal year end, now would be a good time to review departmental personnel records and determine whether there are any student employees, hourly and/or adjuncts that are no longer working and need to be separated.

If you need a report of personnel or have any questions, please contact Pam Harris.

Goal three of the University’s Strategic Plan focuses on Enriching the Quality of University Life, with an action item of developing and implementing a comprehensive onboarding program for faculty and staff to ensure that new employees become productive, effective and engaged members of the University community.

In achieving this goal, the Department of Human Resources and Academic Affairs partnered to develop the “Monarch Experience”. This is an enhanced new hire onboarding and orientation experience which is highlighted by an automated “paperless” process. Included is an engaging two-day orientation model and required Supervisor Essentials enrollment for all newly hired employees with direct reports.

We have been piloting these processes for over a year and look forward to full implementation for all new employee classifications this Summer.

If you have questions, please feel free to contact Pam Harris, Manager for Staffing and Operations at pharris@odu.edu or 757-683-5131 for questions regarding the automated “paperless” new hire paperwork process or JaRenae Whitehead, Director of Employee Relations and Strategic Initiatives at jwhitehe@odu.edu or 757-683-4564 regarding the two-day orientation model or required enrollment in Supervisor Essentials.
