WebEx  
odu.edu/webex

WebEx is a cloud-based web conferencing service available to ODU faculty, staff and students that allows users to host and participate in meetings over the Internet. Students can use WebEx to collaborate with classmates or instructors.

Box  
odu.edu/box

Box is a flexible cloud-based file sharing and collaboration tool. Everyone at ODU has access to a Box account with unlimited online storage. Access and share files with anyone, from anywhere, on any device.

Google Apps  
odu.edu/googleapps

Google Apps provides a platform to share information and ideas using Google's communication, collaboration and publishing tools. Students and faculty can create documents, spreadsheets and calendar events, as well as communicate using chat and video messaging.

Office 365  
odu.edu/office365

Office 365 is available to students, faculty and staff at no charge, thanks to licensing agreements with Microsoft. Office 365 includes cloud collaboration tools and applications like Word and Excel that can be installed on PCs, Macs, tablets and smartphones.

Lynda.com  
odu.edu/lynda

Lynda.com is an online training library where you can learn about the latest software, creative and business skills. All faculty, staff and students have access to the 2500+ video courses at no charge.

Collaborate  
goo.gl/91Hsfh

Blackboard Collaborate is a comprehensive online learning and collaboration tool designed specifically for education and is already part of your Blackboard Course. It is a simple, convenient, 24/7, online classroom and group study tool. Blackboard Collaborate lets you add files, share applications, and use a virtual whiteboard to interact. Collaborate opens right in your browser, so you don't have to install any software to join a session. Whether you're taking a fully online course or you just want to have a virtual study group after class, it is easy to create a collaborative learning environment with your classmates and professors from anywhere.

Monarch Virtual Environment (MOVE)  
move.odu.edu

The Monarch Virtual Environment provides access to ODU workstations that are configured just like those in standard ITS computer labs. Access a virtual computer from any Internet-enabled device. There are specialized desktops available as well, depending on your college.
