FREQUENTLY ASKED QUESTIONS AND ANSWERS ...................................................................... 26
GENERAL
All motor vehicles parked in facilities owned, leased or operated by ODU must follow the procedures outlined in this document. All vehicles must either be registered to a valid virtual permit, display a valid paper permit, park at a paid metered parking space, or park in a designated event parking area during a University-sponsored special event.

Under certain circumstances, parking designations may change. The university reserves the right to temporarily close any campus parking area or facility or to change the designation of any parking location. University announcements, campus email, website updates, social media and posted signs at affected facilities will be used to communicate these changes.

A sign labels the entrance to each lot and parking garage identifying the parking designation of the facility. All posted signs supersede any listed designation or map in these regulations. Signs may at times be removed or missing from some locations; these facilities remain University property and are still subject to enforcement. Parking lot and garage parking designations are annotated on the parking map available at www.odu.edu/parking.

PERMIT PARKING
All parking at ODU is permit controlled and a valid ODU parking permit is required to park on campus. The purchase of a parking permit does not guarantee a parking space but authorizes parking in specific areas of the campus. Permit enforcement hours are from 7:00 am - 10:00 pm, Monday through Friday for commuter student and faculty/staff parking areas; and 24 hours per day, seven days per week in all on-campus resident parking areas. These permit hours are enforced year-round whenever the University is open, including semester breaks. Certain other spaces and zones, including ADA, Fire Lanes, and No Parking Areas are also enforced 24 hours per day, seven days per week.

ODU uses virtual permits for its Faculty/Staff, Student, and daily/visitor permits. This means that a physical hangtag will not be issued to display in the vehicle. The virtual permit system utilizes License Plate Recognition (LPR) to match vehicle license plates to a valid ODU parking permit, as well as determining if the vehicle is parked in a valid location for its permit type. Vehicle license plates must face the drive lane to be scanned for compliance. Vehicles from states that do not require a front license plate must be parked allowing the rear plate to be scanned from the drive aisle (no pulling through or backing in). The LPR system will also identify if more than one vehicle is parked on campus and attempting to utilize a permit associated with another vehicle (i.e. Sharing a Permit).

SHARING A PERMIT
Individuals may not “share” a parking permit. Parking permits are not transferrable from one individual to another even if their vehicles will not be on campus at the same time. Permits are only to be used by the individual who purchased the permit, except for those individuals who have been approved to participate in the carpool program. Permit holders are not permitted to register the vehicle of another student, faculty, or staff member to their parking account.
Having more than one vehicle registered to the same permit on campus at the same time, registering vehicles that do not belong to you or a family member (except rental vehicles), or registering a vehicle belonging to another campus member, is considered sharing a permit. This may result in one or both vehicles being cited. Vehicles may only be registered to one individual’s parking account.

**PERMIT OWNER RESPONSIBILITIES**

The permit owner is responsible for maintaining the status of all registered vehicles linked to a permit. This includes the most current license plate if the vehicle registration changes, and the registration of all new vehicles. When a vehicle is sold or traded it must be reported to the Transportation and Parking Services Office at once or any fines accrued by that vehicle after the sale/transfer date will remain the responsibility of the permit holder. Persons who register vehicles with the University, or the most current University affiliate of the household with a Department of Motor Vehicles (DMV) registered vehicle, will incur primary responsibility for citations. However, ultimately the registered owner of a motor vehicle is responsible for all violations incurred by the vehicle regardless of who is operating the vehicle. A fee is charged for each vehicle permit and must be paid at the time of vehicle registration with Transportation and Parking Services.

**REGISTRATION OF MOTOR VEHICLES**

It is the responsibility of the permit holder to ensure that the vehicle license plate information on his or her parking account is accurate and up to date. All vehicles parked on campus must be linked to a valid ODU parking permit and must be properly licensed and insured. Proof of vehicle registration must be provided including a valid driver’s license, a valid Department of Motor Vehicles (DMV) issued vehicle registration card, and valid Old Dominion University Identification card (if affiliated with the University). Up to three vehicles may be registered to a Commuter, Evening, Perimeter, or Faculty/Staff permit, however only one vehicle may be parked on campus at any time. Only one vehicle is permitted to be registered to a Resident parking permit at any time.

Temporary, paper license plates on new vehicles need to be registered online and linked to an individual’s permit to avoid receiving a citation. Once permanent plates have been obtained, it is the permit holder’s responsibility to update the license plate information online and delete the temporary plate information from the permit and account. Rental vehicles must also be registered online and linked to an individual’s permit. When the rental vehicle has been returned and is no longer in use, the information for the rental should be removed from the permit and the online parking account.

**PROPER DISPLAY OF NON-VIRTUAL PARKING PERMITS**

Some short-term, special event, and other parking permits will remain physical permits and are required to be displayed in the vehicle. The following rules apply:

- All parking permits must be clearly and completely visible from the front windshield with the permit number facing forward (visible through the windshield).
- All expired Old Dominion University parking permits must be removed completely.
• Parking permits are not transferable to any other person or vehicle unless the vehicle is registered to the permit.

FACULTY / STAFF PARKING
Faculty/staff permits are available only to faculty, staff and part-time hourly employees of Old Dominion University and affiliated contracted employees. Faculty/staff may register annually starting in September. Permits are valid from October 16th through October 15th of each calendar year. Faculty / Staff parking rates are based upon a wage scale for full-time employees – see permit rate table below for current rates.

Employment status is subject to verification by Old Dominion University Human Resources or the affiliated contracted agency. In certain cases, graduate students who are PhD Candidates (Teaching Assistants) may purchase a faculty staff permit, provided documentation of Teaching Assistant status is provided with a letter from the chair of the department. Persons seeking an adjunct faculty permit must be certified in advance by the department chair and present appropriate documentation of teaching assignment at the time of vehicle registration. Whenever a dual status exists, for example a full-time employee who also teaches as an adjunct faculty member, the higher parking permit rate prevails.

Faculty/staff permits are valid in any lot and parking garage on campus and are subject to the same general permit requirements listed above. In certain lot and garage locations on campus, faculty / staff permits are required to park in designated faculty/staff spaces to ensure adequate commuter parking spaces are available.

Payment Options
Payment may be made online using credit cards (MasterCard, Visa and Discover); in-person at the T&PS office using cash, check, credit card (MasterCard, Visa and Discover), or Monarch Plus accounts; or using payroll deduction. Payroll deduction forms must be submitted no later than September 30th of each year. Payroll deduction is not available to some Faculty / Staff permit owners, including Adjunct Faculty, ROTC, contracted third party faculty/staff members, Research Foundation, and permits issued for University Village Retail and Innovation Research Park (IRP) tenants.

Refunds for Faculty/Staff Parking Permits
Faculty/staff permits are eligible for a pro-rated refund. The refund amount is calculated based on when the permit is deactivated and is only available to permits paid in full. Deactivation will occur only when Transportation and Parking Services is notified in writing of the request.

For permits purchased through payroll deduction, cancellation will occur at the first available payroll processing date once Transportation and Parking Services is notified in writing of the cancellation request.

Faculty/Staff Carpools
The Faculty/Staff Carpool program is intended to reduce the number of single occupant vehicles on campus and provide a more cost-effective parking option. To participate in the program, the following criteria must be met:

- Two or more full-time faculty/staff employees choose to ride together and share one permit.
- Carpool participants must register together. Each person in the carpool must complete a Carpool Permit Application Form and present a valid Faculty/Staff ID.
- Each registrant must provide proof of separate vehicle ownership.
- Each carpool participant must have an on-campus (Norfolk) office address.
- Registration for the carpool program must be done in the T&PS office.
Approved participants will receive the following:

- One (1) Faculty/Staff Carpool Permit at the same rate as a Group II permit.
- Access to all F/S Carpool spaces throughout campus. If none exists in the preferred lot or garage location, a new space may be added based upon availability and utilization. However, the Carpool program is not a reserved space program – any carpool participant may park in any carpool designated space on campus.
- One (1) meter validation code valid for fifteen (15) single day uses for all day parking (from the time entered until 10:00 pm) will be issued with the carpool permit and can be used when both participants need to drive separately. Validation codes are valid at any metered location on campus. Any parking required after fifteen (15) uses must be purchased at the regular daily permit or meter rate.

Additionally, the following information is available about the program:

- The F/S Carpool Permit may also be used to park in the regular F/S spaces if all the carpool spaces are occupied.
- Carpool spaces are reserved for carpools only from 7:00am – 2:00pm, Monday through Friday. After 2:00pm, regular Faculty / Staff permit holders may park in available carpool spaces. After 3:45pm, in locations that are part of the Evening Program, carpool spaces are available to any permit holder with a valid ODU permit.
- Carpool participants are not eligible for any other parking permit but may purchase daily rate permits or park at meter locations.

**Faculty / Staff Reserved Parking Program**

Reserved parking spaces are located throughout campus and identified by individual signs that show the space number and reserved times. Reserved spaces are either reserved Monday through Friday 7AM until 10PM, or reserved 24 hours per day, seven days per week.

Requests for reserved spaces are handled on a first-come, first-serve basis, and are subject to space availability. A wait list is maintained by Transportation and Parking Services for locations with more demand than supply. Incoming Deans and above are given priority over others to assume a reserved space vacated by their predecessor.

Similar to regular Faculty/Staff permits, Reserved spaces are valid from October 16th through October 15th. All reserved space owners must renew their reserved space by October 1 each year.

Owners no longer interested in a reserved space must notify Transportation and Parking Services in writing. The “Universal” permit must be returned before a prorated refund can be made.

Calls to enforce (ticket or tow) someone parked in a reserved space must be made by the reserved space owner. Parking in a reserved space without permission from the reserved owner will result in a $100 fine and potential towing of the vehicle off-campus at the vehicle owner’s expense.

**STUDENT PARKING**

Students desiring to park a vehicle on ODU main campus or the Virginia Beach Higher Education Center must purchase an ODU student parking permit, valid daily rate permit, or use paid meter parking. 30 Day
and Semester student permits are available only to currently-enrolled students of Old Dominion University. The type of parking permit available depends upon the primary status as either an on-campus resident, or off-campus (commuter) student. Traditional freshman resident students are not permitted to register a car on campus throughout their entire freshman year (see Freshman Resident Parking below). All main campus student parking permits are valid at the Virginia Beach Higher Education Center (VBHEC).

- Student commuter and Faculty/Staff parking lots are enforced Monday through Friday from 7:00 am through 10:00 pm throughout the year, regardless of whether or not classes are in session. In residential areas and certain Reserved parking spaces, permits are enforced 24 hours per day, seven days per week.

- A fee is charged for each vehicle permit and must be paid at time of vehicle registration.

- Students over the age of sixty (60) who are enrolled for classes may receive a permit at no charge. Class schedule and proof of age must be presented.

- Permits may be purchased online or in person at the Transportation and Parking Services office in the 43rd and Elkhorn Avenue Garage.

- Depending on permit type and date, a partial refund may be given for returned permits. See Refunds for Student Parking Permits.

### Refunds for Student Parking Permits

Depending on the type of parking permit registered to a vehicle, it may be eligible for a refund. 30 Day parking permits and Daily parking permits are never eligible for a refund once they have been purchased. Refunds for semester permits will follow the same schedule as tuition refunds. Please check our website for dates.
OFF-CAMPUS and COMMUTER STUDENT PARKING

Off-campus and commuter student parking permits are available for all currently enrolled students that do not reside in University-owned or operated housing facilities.

Commuter Permit
The Commuter Permit is available to any student who does not reside in University residence facilities. Commuter permits are valid in both commuter and perimeter lot designations; and are also valid in faculty/staff Evening Program facilities after 3:45 pm. Commuter permits are not authorized in Resident parking locations, except for those lots with dual designation as commuter and residential.

Perimeter Permit
The Perimeter Permit is available to off-campus and commuting students who do not reside in University residence facilities. It is only valid in perimeter parking designations. After 3:45 pm, the Perimeter permit is also valid in all Evening program and commuter parking locations. Perimeter permits are not authorized in Resident parking facilities.

Evening Program Permit
The Evening Program Permit is available to off-campus and commuting students who do not reside in University residence facilities and who only need to park on campus after 3:45 pm. The Evening Program permit is valid in any commuter, perimeter, and faculty/staff evening program designations only after 3:45 p.m. Evening permit owners must use a daily rate pass or pay at a meter to park on campus before 3:45 p.m.

Virginia Beach Higher Education Center Student Commuter Permit
Effective August 1, 2020: A separate Virginia Beach Higher Education Center Student (VBHEC) permit will no longer be offered beginning August 1, 2020. Any student taking classes at the VBHEC campus must purchase a main campus permit. The ODU main campus permit is valid at both the VBHEC campus and the main ODU campus in Norfolk.

RESIDENT STUDENT PARKING

Resident student parking permits are only available for currently enrolled sophomore through senior students that live on-campus in University-owned or operated housing facilities. Resident students may not purchase commuter student parking permits. Effective August 1, 2020, there is only one classification of Resident parking permit. The permit is no longer based on a student’s on-campus housing location and is valid in all Residential parking locations. Resident Student parking locations are enforced 24 hours per day, seven days per week year-round for permits. Only one vehicle can be registered to a residential permit at any time.

Resident permits are valid in Commuter lots after 3:45 pm and in Faculty/Staff Evening Program lots after 3:45 pm. Resident permits are never valid in lots marked Faculty/Staff only.

City of Norfolk Zone 13 Permits
A City of Norfolk Residential Parking Permit (RPP) may be issued by ODU T&PS upon request to Annual
University Village Apartments parking permit owners. Zone 13 permits will not be issued with Fall or Spring semester permits. Vehicles that display the RPP and a valid University Village Apartments permit may park on-street within the Residential Parking Permit 13 District without regard for the posted two-hour limit. The Residential Parking Permit District includes 41st Street, 43rd Street and 45th Street between Monarch Way and Killam Avenue. ODU T&PS does not enforce the RPP zone 13 — all enforcement of the RPP 13 zone is done by the City of Norfolk. There is a $24 replacement charge if your RPP is lost or stolen. The RPP can only be replaced once. Place the RPP on the driver’s side rear bumper. If RPP is placed in any other location, it may result in a City of Norfolk citation.

Freshmen Resident Parking Policy

Freshmen resident students are discouraged from bringing cars to campus for the duration of their freshman year (both fall and spring semesters). T&PS will only sell parking permits to resident freshmen once they have obtained a Freshman Parking Waiver. Other members of the ODU community who are eligible for a parking permit are not permitted to purchase one for resident freshmen.

Additionally, freshman resident students should not bring cars to Norfolk with the assumption that they can be parked on the streets or public areas of our neighboring communities. ODU works with its neighbors to reduce traffic flow and parking in nearby off-campus neighborhoods, and students are expected to help ODU be a good neighbor.

Freshman Parking Policy Waiver

Exceptions to the Freshman Resident Parking Policy may be granted on a yearly basis by submitting a Freshman Parking Policy waiver request. Waiver requests are reviewed by a committee of faculty and staff and must be approved prior to bringing the vehicle to campus. Waivers are not granted automatically. If approved, the student will be able to purchase a parking permit for the academic year. There are five general categories within which to request a waiver: 1) employment off-campus; 2) Extenuating family circumstances; 3) Medical needs; 4) University obligations; 5) Other.

To submit a request for a waiver, students must complete the waiver request form available on the T&PS website, and fully complete the application, including all supporting documentation. Waiver requests are considered as they are received and there is no cutoff date to submit a waiver. The decision of the review board is final.

Employment Off-Campus:

Requests for waivers based on off-campus part-time employment should only be submitted once employment has been secured either on campus or in the local community. Approval may only be granted upon successful verification of employment and a work schedule meeting the minimum 20 hours per week requirement. Applicants are responsible for ensuring that the most current employment information is on file. Updated information may be provided via email or may be faxed to 757-683-3194. Petitions for approval are generally given only when a student’s transportation circumstances cannot be accommodated by local transit service.

Extenuating Family Circumstances:

Family circumstances requiring transportation off campus should be submitted online and must provide
the necessary documentation to clearly demonstrate the need. Petitions for approval are not automatic and are generally given only when a student’s family circumstances cannot be accommodated by local transit service.

Medical:
Requests for exceptions based on medical reasons (physical disability or illness) of the student requiring transportation off campus must provide the necessary documentation to demonstrate the location of the medical services (not the condition or issue itself). Students requesting a waiver in this category must register with the Office of Educational Accessibility prior to submitting waiver request. Petitions for approval are not automatic and are generally given only when a student’s medical appointments cannot be accommodated by local transit service. Medical reasons require a letter from a licensed physician identifying the need for services (number and frequency of appointments, office location, and duration of each office visit).

University Obligations:
University obligations requests require a letter from a University sponsor/coach/faculty member indicating a legitimate need for regular off-campus travel that cannot be accommodated via local transit service. This letter should explain in detail the nature of the obligation, the reason(s) for the student to have ready access to their own transportation and the time-frame being projected for this need. Petitions for approval are not automatic.

Other:
Request for an exception based on reasons not covered by the previous four categories. Please include a written explanation stating why you require having a car on campus.

TIDEWATER CONSORTIUM STUDENTS
Tidewater Consortium students who are enrolled at ODU under the consortium agreement may purchase an ODU commuter parking permit at a reduced rate.

NORFOLK STATE UNIVERSITY RECIPRICOL AGREEMENT
Norfolk State University and Old Dominion University have agreed that each institution will honor parking permits issued by the other for the parking in equivalent designations. Under this agreement, the Norfolk State University student permit will be honored in ODU commuter and perimeter facilities and in faculty/staff evening facilities after 3:45 pm only.

A person who may be enrolled as an undergraduate or graduate student at one institution and who may be participating in an internship or similar program at the other institution must purchase the permit at the home institution. ODU does not recognize parking permits from other campuses or institutions, except as mentioned above.

MOTORCYCLE AND MOPED PARKING
Motorcycle and moped parking is enforced through License Plate Recognition (LPR) and as such, the
license plate of the motorcycle/moped must be visible from the drive lane. The motorcycle / moped may be registered as an additional vehicle on a vehicle permit at no additional charge (excluding Resident Permits). If the motorcycle/moped is added as an additional vehicle only one vehicle from the permit can be on campus at any given time. Motorcycle and moped permits are also available as separate permits that cost $108 regardless of faculty or student classification. This permit can be purchased in addition to a vehicle permit if the motorcycle owner wishes to have a vehicle and motorcycle on campus at the same time. Failure to adhere to this regulation will result in a shared permit violation. Motorcycles and mopeds are required to park in designated motorcycle / moped spaces (locations marked with an “M/C” or “Motorcycle”) unless they are parked at a paid metered space. They are not permitted to park in normal vehicle parking spaces. Mopeds are not permitted to park at bicycle racks or in other locations not in parking lots and parking garages.

DAILY RATE PARKING PERMIT

Daily Rate parking permits are available to anyone who does not own an ODU parking permit. Daily permits can be purchased online or in the parking office. The permits are a convenient way to park on campus for students, faculty/staff and visitors who do not normally drive to campus, including bicyclists and pedestrians. The permits may be purchased on the day needed in the parking office or up to 60 days in advance online. The Daily Rate Permit cost is $8.00 and is only valid on the date of activation. Daily Rate Permits are valid in all non-reserved ODU parking spaces, including Faculty/Staff, Commuter, Resident and Perimeter. Daily rate permits are not valid in metered spaces. Whether it is purchased in the parking office or online, the daily permit will be a virtual permit and does not need to be displayed in the vehicle. The permit owner is responsible for providing accurate license plate information for the permit.

VISITOR PARKING

Visitors to ODU are all persons not directly affiliated with the University. Students, Faculty/Staff, and contracted work employees (including vendors and contractors) are not visitors. The most convenient parking for visitors is the metered parking lots and garages, including the Visitor Parking Lot (Lot 7) on 49th Street. See the metered parking section for information about locations and payment. All visitors parking on campus must either pay a parking meter, enter a validation code (see section on validation codes) or have valid parking permit issued by ODU T&PS. Visitors may not park at meters or meter-controlled areas without paying the meter fee or entering a validation code. Parking meters must be paid Monday through Friday, 7:00am to 10:00pm, regardless of whether or not classes are in session.

VISITOR PERMITS

Visitors wishing to park on campus with a permit must purchase a daily rate parking permit for $8/day. Daily permits can be purchased online up to 60 days in advance of your visit at www.odu.edu/parking or in the ODU T&PS office on campus immediately upon your arrival to campus. All daily rate permits are virtual and accurate license plate information is required. If purchasing the permit in the T&PS office, visitors should bring their vehicle registration and photo identification, including current mailing address when they come to purchase their permit. Visitors may park in faculty/staff, commuter or perimeter designations with a valid daily rate permit. Daily rate permits are not valid in Reserved spaces, Disability
spaces (unless displaying a valid Disability Parking Placard), or metered spaces (unless the meter fee is paid).

VISITORS WHO RECEIVE A CITATION
Transportation and Parking Services may waive citations issued to visitors for not displaying a permit if proper visitor status is confirmed. Only one such claim per license plate/account will be honored for authorized visitors. All visitors wishing to have their citation considered for a visitor waiver must file an appeal online within seven (7) days of the citation date. Visitors forfeit their right to have their citations waived if their appeal is not filed within the seven (7) day time frame.

PARKING FACILITIES
There are five parking garages and over thirty-five surface parking lots on campus which provide approximately 7,500 parking spaces. Within the parking facilities, the following activities are prohibited: bicycle riding, skateboard riding, roller skating, ball playing, and any other activities not related to parking a vehicle and walking to/from that vehicle.

43RD & Elkhorn Garage
Located at the corner of 43rd St and Elkhorn Ave. The garage is designated for meter parking and commuter student parking. Four pay station machines are located on level 1 at the pedestrian exit in the northeast corner the facility. Vertical Clearance in the garage is 7’ 1” (seven feet, one inch) on all floors.

- Level 1: Metered spaces (Pay stations located on this level only)
- Level 2: Metered spaces and Commuter Permits
- Level 3: Commuter Permits
- Level 4: Commuter Permits

43rd & Bluestone Garage
Located on 43rd Street at Bluestone Avenue (next to the Perry Library and Student Success Center). The garage requires a Faculty/Staff permit. This garage is available to student permit parking after 3:45pm daily. Vertical clearance in the garage is 8’2” (eight feet, two inches) on the first floor. Upper floor vertical clearance is 7’ 1” (seven feet, one inch).

- Level 1: Faculty/Staff
- Level 2: Faculty/Staff
- Level 3: Faculty/Staff
- Level 4: Faculty/Staff

Constant Center 43rd Street Garage
Located at the corner of the 43rd Street and Hampton Blvd with entrances along 41st & 43rd Streets. The garage is available for Commuter and Reserved parking. Vertical clearance in the garage is 8’ 2” (eight feet, two inches) on the first floor. Upper floor vertical clearance is 6’9” (six feet, nine inches).

- Level 1: Metered, Commuter Student, and Barry Art Museum
Transportation and Parking Services
2020-2021 Parking and Traffic Procedures

- Level 2: Commuter Permit
- Level 3: Commuter Permit
- Level 4: Reserved/Research (special permit required)
- Level 5: Commuter Permit

There are metered spaces on the north side of the 1st level that are controlled by pay stations located at the pedestrian exit on the north side of the facility, and in the center of the first floor access to the Innovation Research Parking (IRP) buildings. Barry Art Museum has 25 reserved spaces.

**Constant Center 45th Street Garage**
Located at the corner of 45th Street and Hampton Boulevard with entrances along 45th and 46th Streets. The garage is available for Hotel, Commuter, and Faculty/Staff parking. Vertical clearance on the first floor is 11’3” (eleven feet, three inches). Upper floor vertical clearance is 8’ 2” (eight feet, two inches).

- Level 1: Hotel guests only
- Level 2: Commuter Permit and metered spaces
- Level 3: Commuter Permit
- Level 4: Faculty / Staff Only
- Level 5: Commuter Permit

There are meter spaces on the perimeter of the 2nd level that are controlled by a pay station located at the stair tower on the south side of the facility.

**49th Street Stadium Parking Garage**
Located on the 49th street and Bluestone Ave. The garage is zoned metered parking, Faculty/Staff and Quad Student. Vertical clearance is 8’ 6” (eight feet, six inches) on the ground floor. Vertical clearance on the upper floors is 7’2” (seven feet, two inches).

- Pit Area: Faculty/Staff and Reserved
- Level 1: Reserved and Metered
- Level 2: Metered and Faculty/Staff
- Level 3: Faculty / Staff
- Level 4: Resident Student
- Level 5: Resident Student

There are meter spaces located on the south side of the 1st level and the ramp to the second level. Payment should be made at the pay stations on the southwest and northeast (Visitor Lot) sides of the garage.

METERED PARKING
There are over 400 metered parking spaces at ODU available for short-term parking in high-demand locations. University permits and passes are not valid at meters. All cars parked in metered spaces must pay the meters. Meters are enforced year-round, Monday through Friday from 7:00am to 10:00pm, regardless of whether or not classes are in session. Metered parking costs $1.50 per hour throughout the campus. The majority of the metered spaces use multi-space pay stations that accept coins, bills and credit cards with no time limits. Please note that the pay stations do not give change and cannot return bills. The multi-space pay stations are located in the following locations:

- Visitor Parking Lot (Lot 7): 85 spaces
- 43rd and Elkhorn Garage: 250 spaces
- Constant Center 43rd Street Garage: 65 spaces
- Constant Center 45th Street Garage: 40 spaces
- 49th Street Stadium Garage (Garage E): 85 spaces
- Student Recreation Center and 48th Street (Lot 57): 22 spaces

To use a multi-space pay station, park in a metered space, taking note of the space number painted in the space. Enter the space number in the nearest pay station, select a method of payment, and use the “+” or “-” buttons to select the desired parking duration. After payment is accepted, a receipt will be printed with the space number paid and time of expiration. Please save the receipt as proof of payment, however it does not need to be displayed in the vehicle. There are no time limits to the multi-space pay stations. Metered spaces can also be paid for using the Flowbird App with your smart phone. Download the app and locate the pay station for your location. Flowbird allows you to make an initial payment for your space, as well as extend your meter payment from anywhere on campus. There is a $0.20 per transaction fee to use this service.

If parking in a metered space reserved for the disabled, you must display a valid DMV issued disability placard. Meter payment or a valid ODU permit is required.

Additionally, there are 11 single-head parking meters on campus that only accept coins and are limited to two-hour parking. These meters are located in Lot 35 off of Hampton Blvd. near Rollins Hall.

LOADING ZONE PARKING
Several areas throughout the campus are designated loading zones. Typically, these areas are marked with yellow curbs or are building loading docks. Parking in these areas is by special loading zone pass only. Loading zone passes are issued during business hours at the T&PS office to valid Faculty / Staff permit owners and contractors with a valid contractor permit. The loading zone passes expire each year on September 30th and are designated for specific locations. Some loading zone passes are issued to University departments under special arrangements with Transportation and Parking Services. An authorized departmental representative must control issuance and use of these departmental loading zone passes. The Loading Zone Pass must be placed on the driver’s side of the dashboard and must be readily and entirely visible. The Loading zone pass must be accompanied by a valid ODU parking permit.
Loading zone passes are **not** valid at: parking meters (must pay meter); fire lanes; reserved spaces; and disability parking spaces. Parking with the loading zone pass is limited to 30 minutes.

**30 MINUTE PARKING**

Several spaces on campus are designated for 30 Minute Parking Only and do not require a permit. These spaces are available for short-term parking while loading/offloading vehicles near buildings. These spaces are enforced 24/7.

**OVERSIZED VEHICLE PARKING**

If parking an oversized vehicle (see definitions) on campus, you must contact T&PS office prior to parking the vehicle on campus. T&PS reserves the right to require any vehicle that occupies more than one standard parking space to purchase two (2) parking permits. This includes, but is not limited to, school buses, RV’s and vehicles with trailers. Any over height vehicle is not permitted to park in the parking garages on campus and must use a surface lot.

**ACCESSIBLE PARKING**

Designated accessible parking spaces are restricted to the exclusive use of vehicles displaying a valid disability plate (must have the International Symbol of Access) or disability parking placard issued by the Commonwealth of Virginia Department of Motor Vehicles (DMV) or another state DMV. Persons to whom the DMV Disability Parking Placard was issued MUST be in the vehicle upon arriving at the designated disability parking space. All vehicles parked in disability spaces must also have a current ODU permit or pay the meter. Vehicles bearing a valid ODU permit and authorized disability placard identification must only park in disability or regular parking spaces. They may not use restricted parking spaces such as: loading zones, reserved spaces or state vehicle spaces. Vehicles not displaying a valid disability parking placard or disability license-plates are subject to a $250 citation and immobilization or towing at the owner’s expense.

It is a violation of Virginia law to share or display a disability parking placard with persons who were not issued the placard. Vehicles cited for not displaying proper credentials must provide a copy of both the disability parking placard and the matching DMV-issued identification card during any citation appeal process. Please review all state regulations before using a Disability Parking Placard on campus at ODU.

**TEMPORARY ACCESSIBILITY NEEDS**

Any member of the campus community needing temporary disability parking arrangements due to mobility-related issues can request a temporary pass to park in designated disability spaces. A letter or other form or signed note from a medical doctor explaining the mobility limitation and anticipated duration is required to attain a temporary pass. Note that these passes are only valid on the campus of ODU and are not valid to park in disability parking spaces off-campus. These passes must accompany a valid ODU parking permit.
SPECIAL EVENT PARKING
University sponsored events occur regularly on campus, and may include athletic events, concerts, performances, special lectures and meetings, conferences, outdoor events, road races, fairs, and other gatherings. Event locations may include major venues such as Foreman Field and the Ted Constant Convocation Center; as well as the Diehn Fine and Performing Arts Center, the University Theater, the Goode Theater; Webb Center, and other academic and administrative buildings and outdoor venues such as the soccer and baseball stadiums, the sailing center, Kaufman Mall, the Williamsburg lawn and Brock Commons.

All University sponsored events require preparation and planning, including planning for attendee arrival and vehicle parking, and/or campus transportation (shuttle bus, passenger vans, or golf carts). All special events hosted in ODU owned and leased facilities that are anticipated to attract attendees from the larger community (generally non-permit owning individuals) require notification and coordination with Transportation and Parking Services department. T&PS staff will work with event hosts to develop event transportation and parking plans. Some small events may be accommodated in metered parking spaces on campus, however if closer parking is requested, or larger attendance is anticipated, specific parking locations should be requested.

HOSTING AN EVENT ON CAMPUS
All requests for transportation and parking services related to an event should be initiated via the “Event Parking Form” on the T&PS website.

Follow-up emails may be sent to eventparking@odu.edu. Requests should be submitted as soon as tentative dates are available, with as much advance notification as possible. Submittal of a request is not approval of services. T&PS staff will reply to requests in the order they are received. There is no guarantee of specific parking locations or availability of transportation services. The following fees are charged for transportation and parking services for events.

Special Event Services and Fees

<table>
<thead>
<tr>
<th>Item</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Parking Attendant (per attendant)</td>
<td>$25 / hour</td>
</tr>
<tr>

</tr>
<tr>
<td>11 Passenger Van</td>
<td>$45 / hour</td>
</tr>
<tr>
<td>20 Passenger Shuttle Bus</td>
<td>$65 / hour</td>
</tr>
</tbody>
</table>

T&PS event staff can also provide signs, barricades, and traffic cones as available. Specific parking locations may be reserved in garages and parking lots depending on the event time of day, and anticipated ODU class schedule, as well as other events that may be occurring on campus simultaneously. Fees for these services will include attendant fees to verify guest authorization to park. Officers will screen guests as they arrive to the event and can coordinate special transportation requests (disabled customers) via golf carts.

VALIDATION CODE
The validation code program is intended to provide short term (up to a full business day) parking at no
cost for visitors to small events hosted by departments on campus. The codes provide non-ODU affiliated users with access to convenient metered parking locations in four parking garages and the Visitor Lot, and do not require the visitor to stop at the Transportation and Parking Services office for a daily permit. Validation Codes are for business day use only (not overnight or multi-day) and are not intended for individuals returning for regular or extended parking on campus. Validation Codes are only available in the metered spaces on campus, and must be arranged a minimum of two-business days in advance by email to eventparking@odu.edu. Departments with regular use of validation codes for their guests should set up a validation code agreement with T&PS. Rates are:

- 2 hours of parking for $2 per use.
- 4 hours of parking for $4 per use.
- All day parking (7am to 10pm) for $6 per use.

Daily and individual use of the validation code is monitored to avoid over-use or abuse. Contact T&PS for more information about a validation code agreement.

**ATHLETIC EVENTS**

T&PS staff coordinate with ODU Athletics and Spectra Venue Management (operators of the Ted Constant Convocation Center and S.B Ballard Stadium at Foreman Field) to facilitate parking operations for athletic events held on campus. Home football and basketball games affect the availability of non-event parking on campus. T&PS staff provide notification and vehicle citations for reserved parking locations prior to basketball and football games. Spectra Venue Management manages traffic flow, and game day parking services within the facilities reserved for games.

**Home Football Games**

Numerous lots and garages on campus are reserved for tailgating and game day parking at 5:00 am on the morning of home football games held on Saturdays. General ODU parking is available in the following locations:

- 43rd & Elkhorn Garage
- Constant Center 43rd Street Garage
- Constant Center 45th Street Garage

The following lots and garages are reserved for football parking only. Signs are posted in each location on Monday morning the week of a home football game. Any vehicle remaining in these lots after 5:00 am on game-day Saturdays is subject to Violation #3 (In a Reserved Parking Space) citation for $100. Vehicles are towed to the rear of Lot 43. General parking is not available in these lots on game day Saturdays.

**Home Basketball Games**

Home basketball games (both men and women) affect commuter permit and meter parking in the Constant Center 43rd and 45th Street Garages. Signs will be posted in the areas reserved for basketball parking. The table below lists areas reserved for basketball parking only. Vehicles remaining in these areas after 4:30 pm on game days are subject to a Violation #3 (In a Reserved Parking Space) citation for $77. Commuter students unable to move their cars before 4:30 pm should park in upper levels unaffected by these reservations, or in another commuter parking location such as Lots 1, 11, 16, 42, 43, 47 or 58.

**Other Athletic Events**

The designated parking location for all other ODU athletic events is Lot 43. Parking for sailing center events is available in Lot 42 near the Sailing Center.
VENDOR / CONTRACTOR PARKING
Vendor and contractor parking is only permitted with a valid vendor/contractor permit. Contractor permits are valid in faculty/staff and student lots across campus. If a permit is assigned to one or more specific lot locations on campus, it will be noted on the hang-tag permit. The permit cost is $25 per month per permit. The permit may be transferred among multiple contractor / vendor vehicles, however all potential vehicles that will use the permit should be registered with the Transportation and Parking Services office. If the permits are being transferred throughout different phases of a project, the contractor is responsible to ensure the permit is transferred from sub-contractor to sub-contractor.

Contractors may also park (with meter payment) at designated metered spaces on campus. Contractor/vendor parking must always be within a designated area or parking space. Parking on the grass or on sidewalks, in fire lanes, loading zones, reserved spaces or disabled parking spaces is subject to ticketing and towing unless special permission is granted through the Transportation and Parking Services office. Vendors performing contracted maintenance of a short-term nature (not daily parking) may park in designated contractor and state vehicle service spaces located in lots, subject to availability and proper display of a vendor parking permit.

INCLEMENT WEATHER, EMERGENCIES AND SPECIAL SITUATIONS
During inclement weather, emergencies and special situations or events, it may become necessary for Transportation and Parking Services to temporarily suspend parking in certain facilities. Typical situations include heavy rain or snow, frost or black ice, coastal / tidal flooding or other natural or man-made situations.

Each of these situations may have different effects to the transportation network surrounding the ODU campus and may have localized effects in parking locations. For example, in winter months it is possible for icy conditions to form on the top floor of each parking garage, even when other levels or parking lots and local streets may be clear of ice. Additionally, high tides and onshore winds may produce tidal flooding in Lots 1, 11 and 16, while other facilities are largely unaffected. Signs are posted in these locations indicating that these lots are subject to flooding. These scenarios may result in closure of some parking facilities, and changes to other designated parking locations. Building construction or maintenance near parking facilities may also occasionally affect access to or traffic flow through parking locations. Parking lots and garages may also be partly or wholly closed for repaving, concrete repair, restriping, and maintenance. Large scale events, including VIP visitors, weeknight home football games, or other major events may also occasionally disrupt the transportation and traffic flow around campus, and require closure or re-assignment of normal parking locations.

In all cases, every effort will be made to communicate the changes and recommended parking locations in advance to the campus community.
## VIOLATIONS AND FINES

### Citation Payment

Fines may be paid with Visa, MasterCard, Discover, Monarch Plus card, cash, money order, and check. Checks tendered in payment of parking fines should be made payable to Old Dominion University and include license plate and citation number in the check memo.

### Online Fee

Online citation fee payment is available at www.odu.edu/parking. There is a $3.50 processing fee per citation. Removal of administrative holds on student, faculty, and staff accounts may require up to 24 hours after online payment is received.

### In Office Payments

Citations/fees may be paid in person either at the Norfolk or VBHEC T&PS offices. Citations paid in person can take up to 24 hours to process administrative hold removals on student, faculty, and staff accounts.
Mailed Payments
Citations/fees may be paid by mail. Mailed payments should be addressed to “Transportation and Parking Services, Old Dominion University, 4310 Elkhorn Ave, Norfolk, VA 23529.” Do not send cash through mail. If mailed payments are not received and processed within 60 days of citation issue date a late fee will be imposed.

Late Fee / Collection Services
A penalty surcharge of $10 will be added to all citations not paid within 60 calendar days from date of issue. Citations that remain unpaid 120 days after the citation issue date will be referred to a third-party collection service. Additional fees will be applied to all citations referred to collections.

Faculty/Staff Fines
If a faculty or staff member is cited in violation of the above regulations and fails to file an appeal, or pay the fine within seven business days, a Leo Online hold will be placed until fines are paid. No F/S permits can be purchased until all fines are cleared.

Student Fines
If a student fails to pay a fine or appeal a citation within seven business days, T&PS office will initiate appropriate administrative procedures to deny the student enrollment in subsequent semesters and to withhold grades, official transcripts and diplomas, until all fines are paid. Please visit the Old Dominion University holds webpage for additional information on student hold levels.

VEHICLE IMMOBILIZATION (BOOT)
Vehicles with three or more unpaid citations with a total value of $100 or more may be immobilized with a mechanical device (boot). Additionally, immobilization may occur when there is suspicion of use of an illegal, altered, or stolen parking permit. Immobilization devices will be removed only upon payment of all outstanding fines and an additional $40 boot removal fee. Owners of immobilized vehicles may contact the Transportation and Parking Services office during business hours only.

VEHICLE TOWING
In addition to being cited for the parking violation by ODU T&PS, vehicles parked anywhere on University property may be towed at owner’s expense under the following conditions:

- Illegally parked in a space reserved for the disabled.
- Parked in a designated reserved space (including basketball, football and reserved event parking)
- Abandoned vehicle
- Parked in an area designated as no-parking or tow-away zone
- Blocking traffic or fire lanes, or obstructing the flow of traffic for fire/safety reasons
- Excessive unpaid citation fees

Vehicles removed from campus by towing are stored at Affordable Towing, 2424 Cromwell Road, Norfolk. (757) 543-2372. Towed vehicles may be reclaimed from the towing company. Towing fees charged by the towing company are in addition to the ODU parking citation.
BROKEN DOWN AND ABANDONED VEHICLES
Transportation and Parking Services follows the state statute § 46.2-1213 for the removal of abandoned vehicles from campus facilities. Broken down vehicles should be reported to Transportation and Parking Services immediately to coordinate removal and repair.

APPEALING A CITATION

FIRST LEVEL CITATION APPEALS:
- A person who receives a University parking citation may appeal the citation.
- Appeals must be made within seven (7) days after issuance of the citation.
- All persons must submit their appeal online at www.odu.edu/parking.
- Appeals received after the deadline will result in forfeiture of the right to appeal.

SECOND LEVEL CITATION APPEALS:
- Any person whose appeal has been denied, or in any way unsatisfactorily resolved after the first appeal, may appeal the decision to the Re-Appeals Committee.
- The Re-Appeals Committee consists of members of the University faculty, staff and student body.
- The fine for the citation must be paid in full before a re-appeal may be filed.
- Submit re-appeal on line (same steps as first level appeals).
- Submit re-appeal within 14 days after receiving decision of first level appeal.
- Appellant may choose to present their case in person or by letter, however the Re-Appeal Committee will review the case whether or not appellants chooses to attend the hearing.
- If the Re-Appeal Committee decides in the appellant ‘s favor, a refund check will be mailed to the appellant, typically within four to six weeks.
- The Re-Appeal Committee decision is final.
- The Re-Appeal Committee meets at least once per fall semester and at least once per spring semester.
DEFINITIONS

**Academic year:** The school year beginning with the fall semester of one calendar year until the end of summer semester the next calendar year.

**Boot:** A device used to immobilize a vehicle for violation of the regulations.

**Campus/University:** Defined as all properties owned, leased and/or operated by Old Dominion University.

**Crosshatch:** An area that has been marked with stripes denoting a no-parking zone or turnaround area.

**Crosswalks:** Marked walkways designated for pedestrian crossing.

**Curb marking:** Color-coded regulatory designations, (such as: yellow curbs, cross hatches) that designate service areas or no parking zone. Unmarked curbs may be signed indicating parking restrictions.

**Daily:** When applies to parking or traffic regulations, “daily” refers to any activity, regulation, or restriction that is in effect seven days a week.

**Employee:** Any person employed by the University (faculty/classified staff or hourly employee).

**Evening Program:** Period of time after 3:45 pm on any weekday when Commuter, Perimeter, and Evening permits are authorized to park in designated Faculty / Staff parking areas. Valid ODU permits are required in these areas until 10pm.

**F/S:** Abbreviation for faculty/staff.

**Fire lane:** An area reserved solely for the passage of fire and other emergency vehicles.

**Lawn:** Any landscaped area, grassy area, or part of the University grounds that is not covered by a building, sidewalk, street, pavers or a parking lot.

**License Plate Recognition (LPR):** Technology to read vehicle license plates and determine if the vehicle is parked properly.

**Motor Vehicle:** The terms “motor vehicle” and “vehicle” shall mean any device in, upon, or by which any person or property is moved by motive power. “Motor vehicles” include automobiles, trucks, motorcycles, motorbikes, and fully or partially motor-powered vehicles operating on University grounds.

**Owner:** The person (or legal entity) required by these regulations to register a motor vehicles with the University under these regulations, the person (or legal entity) named as the registered owner under federal or state law.

**Load/Unload Areas:** Parking spaces designated for loading/unloading heavy, bulky or voluminous material.
**Metered Spaces:** Parking spaces that require payment.

**No Parking Zone:** Any area or space not defined as a legal space.

**Oversize Vehicle:** Vehicle measuring over 18 feet from front bumper to rear tail hitch and/or over 6’10” in height and/or over 8’ in width.

**Parked vehicle:** Any vehicle that is stopped and has no driver present in the vehicle, regardless of whether flasher is on or motor is running.

**Parking Control Device:** Any object (such as: barricades, gate, or reserved parking sign) used to prohibit or restrict access to certain areas.

**Parking Space:** A space designated by three stall lines (or other markings) in paved areas and unpaved areas.

**Permit:** The proof of payment that allows authorized parking on campus based on allowed use.

**Permit Owner:** Any person who has registered a vehicle and permit with T&PS.

**Resident Freshmen:** A Freshman student living on campus who is in their first year of college.

**Restricted Space:** Parking space designated for specific purposes such as service, disability, loading, unloading, and reserved spaces.

**Service Area:** Specially designated areas reserved for vendors servicing buildings at the University. (Such as: physical plant, contracted vendors).

**Special Event Parking:** The use of campus parking facilities (any facility at any time) for special events.

**Stall Line:** The surface striping used to designate a parking space.

**Student:** Any person enrolled in any class at the University

**T&PS:** Abbreviation for Transportation and Parking Services.

**Vendor:** Any person coming to campus to perform a service under contract or in agreement with ODU.

**Virtual Permit:** A non-physical parking permit that is linked to the license plate of the vehicle. It is used to identify permit holders and ensure vehicles are properly parked on campus.

**Visitor:** Any person visiting the campus who is not a student, faculty member, staff, vendor or contractor.
FREQUENTLY ASKED QUESTIONS AND ANSWERS

1. I just received a parking ticket that I feel was unjustly given, what should I do?
The university provides a structured means to appeal citations. Appeals must be filed online within seven (7) days from the issue date. Individual appeals to members of the T&PS staff will not be accepted. For complete information please see the appeals section.

2. What are some reasons that will not be looked upon favorably during the Appeals Process?
The following reasons should not be submitted as parking citation appeals.
   • I didn’t know I was not supposed to park there.
   • I was only in there for two minutes.
   • That reserved spot is always open.
   • I have parked in that spot for the last two years.
   • I was late for class.
   • Someone told me I could park there.
   • I don’t think it’s fair.
   • There was no fire so I parked in the fire lane.
   • I had to go to the bathroom really bad.
   • There was no sign saying I can’t park there.
   • My roommate was driving my car.

3. If I put my flashers on, will I still get a ticket?
Yes. If you are parked illegally you will receive a ticket.

4. What payment methods are accepted?
Transportation and Parking Services accepts Master Card, Visa, Discover, check, cash and Monarch Plus Card.

5. I have a Commuter Permit and cannot find a place to park, what should I do?
The time of day you arrive on campus has a big impact on where you will find parking. It may not be as close to your destination as you would prefer. Commuter parking locations closest to the academic core (43rd & Elkhorn Garage and Constant Center 45th Street Garage) almost always fill up before Constant Center 43rd Street Garage and Lot 1. We have found that 10am - 2pm is the highest demand time for parking. Other commuter locations such as Lots 11, 16 and 47 may have spaces. During certain times, it may be necessary to park your car in one of the perimeter lots (Lot 42 and Lot 43) and either walk to class or catch the Monarch Transit at the closest stop.

6. If I put a note on the window of my car telling you that I will only be in the building for two minutes, will I get a ticket?
Yes, if you are parked illegally with or without a note you will receive a ticket. Notes are not valid permits.

7. Another member of my family took my car and parking permit and left me with another car to drive, can I park on campus?
ODU uses virtual permits for parking on campus. Any vehicle you drive to campus must be registered to your valid parking permit. Register the vehicle you will be driving to campus to
your parking permit prior to arriving to campus.

8. Do I have to pay the parking meter if I display my loading zone pass?  
   Yes. Loading zone passes are not valid for meter parking areas.

9. Do I need an ODU parking permit if I have disability license plates or a disability placard?  
   Yes. The disability spaces on campus are for the use of university students, faculty and staff. To ensure they are not being abused, a valid ODU permit must be displayed in conjunction with the disability placard.

10. My car broke down on campus. What should I do?  
    Immediately notify TPS and Public Safety if the vehicle is obstructing traffic flow. We will work with you to resolve the problem.

11. I have a Resident Permit. Can I park in a Faculty/Staff lot?  
    No. You can only park in any commuter and faculty/staff/evening program lots after 3:45pm. However, vehicles must be removed from these lots by 6:00am the next day.

12. Who sets the prices for Permits and Fines?  
    All University fees and fines are set by the Board of Visitors.

13. Can I get more than one ticket for violation #14 – “Over the Limit” at a metered space?  
    Yes. Multiple citations, not to exceed two per day may be issued for parking overtime at a parking meter.

14. There was no sign stating that the parking lot belonged to ODU and I parked there with No Permit and got a ticket. Is that legal?  
    Yes. Signs, at any time, may be moved or missing from some lots; these lots remain university property and are subject to enforcement of the rules. Lot designations are also annotated on the parking map provided with the Summary of Motor Vehicle and Parking Regulations.
