Regular & STEM OPT Workshop
Optional Practical Training

- Regular OPT is temporary employment authorized by USCIS for 12 months and must be directly related to a student’s major.

- It gives students a chance to apply their education to the real world.

- Some majors (Science, Technology, Engineering and Mathematics) can extend their Regular OPT for an additional 24 months.

- If your prior degree was in a STEM major you might be eligible for the 24 month extension.

- STEM OPT will be discussed later.
Pre-Completion OPT

Pre-Completion OPT allows students to do a paid training while they are pursuing their degree.

• Employment must be directly related to student’s major.
• Students are not subject to 90 days unemployment provision.

Pre-completion OPT’s impact on post-completion OPT

• Full-time OPT is deducted from the 12 month cumulative limit at the full-time rate
• Part-time pre-completion OPT is deducted from the 12 month cumulative limit at a 50% rate.

Pre-Completion OPT VS. Post-Completion OPT

- Pre-Completion OPT: Available BEFORE student’s program End Date
- Post-Completion OPT: Available AFTER student’s program End Date

Students mail their Regular OPT applications to USCIS, using instructions in e-mail sent when OPT is ready.

- We recommend using United Parcel Service (UPS), FedEx, etc. We do **NOT** recommend using regular U.S. Postal Service.
- Request the additional delivery confirmation for the best protection if your application is lost by USCIS.
Application Submission

• IMPORTANT: Mail from the government (SSA, USCIS, etc.) cannot be forwarded \textit{even if you submit the address-forwarding form}.
  • The address on your I-765 needs to be one you know you’ll be at or where you have a friend who can accept the card for you.

• If USCIS contacts you for additional information and you have questions about it, please scan and send the correspondence to VISA.
  • If you have no questions, feel free to respond to the request and be sure to keep a copy of everything you send.
Required Updates

• Your OPT is on an ODU I-20.
• Therefore, you are still responsible for keeping the following information current with VISA.
  • SEVIS U.S. address
  • SEVIS Home country address
  • “Mailing” address in LeoOnline
  • Name
  • Country of citizenship
  • Change of status (e-mail scanned PDF to VISA)

It is YOUR RESPONSIBILITY to ensure we have your current information.
Required Employment Updates

• After you get your EAD, send a pdf scan of your EAD to VISA.

• On VISA’s Regular OPT page, use the OPT Employment Update Form to notify us of any job changes within 5 days.

• Be sure to make updates about your job any time there are changes in your employment. That includes when you first receive an employment.

• You must provide a short description about how your major relates to your current job in the OPT Employment Update form.

• A new I-20 is not necessary when you change employers. Your I-20, EAD and employer documentation are sufficient to verify that you are legally in the U.S.
General Information

• The expiration date on your I-20 will be the program end date for that semester. **However,** your OPT dates will be listed on the second page.

• Remember, your OPT employment must be directly related to your major.
  • If your job appears to be in a field different than your major, ask your employer to write a letter to justify the connection between your job and your degree. Keep this with your I-20s and other important documents.
General Information

• To renew your driver’s license...:
  • you will need your OPT I-20 and EAD OR
  • if you have not received your EAD or receipt notice( I-797), request a letter from VISA’ site.

• You can register for one or two classes per semester as a non-degree student.
  • for recreational reasons OR
  • for professional development related to your current OPT job

SAVE YOUR I-20s...FOREVER!!! (Yes, forever!)
Travel & Re-Entry

• **VISA strongly** recommends you not leave the U.S. while USCIS is processing your Regular OPT request.
  • If USCIS needs additional information, you won’t be here to provide it.

• You must have a job related to your major to re-enter the U.S. on OPT; the moment your EAD is **issued**, you’ll need to show it and proof of employment at the airport.
  • Proof of employment should be a letter on company letterhead from your employer verifying your start date and OPT end date (even if you plan to change to another status and continue with the company).
Travel & Re-Entry

• You automatically get your first travel signature when your OPT I-20 is issued.

• Travel signatures take up to three business days.

• If you need a new visa stamp, it will be F-1.
  • Contrary to rumor, it is possible to get a visa while on OPT.
Regular OPT & Health Insurance

- You are not required to have health insurance after graduation. However, we STRONGLY recommend you continue coverage.
- As you are still on a student visa, you are eligible for ODU’s insurance.
- If your employer offers insurance, it will likely be a more comprehensive policy and you may want to consider buying that one instead.
Cap Gap & H1-B

• A cap-gap I-20 can be issued to an F-1 student who has made a timely H-1B application with an Oct. 1st start date.
  • “Timely” - before a student’s F-1 status expires and during the open H1-B filing period.

• Students CANNOT travel during the cap gap and return in F-1 status.

• Students can file for STEM while an H-1B application is pending. However, VISA cannot provide advice about this.
Regular OPT Termination

• If you are issued an I-20 to start a new degree program or if your SEVIS record is transferred to another school, your OPT will be terminated at the time the I-20 is transferred or created.
  • Be sure to work with the international student advisor at your school to make sure you are aware when your OPT will end.

• If you wish to cancel your OPT, please send an e-mail to VISA and an advisor can provide information on the next step(s).
This concludes the portion about Regular OPT.
