

INTERESTED IN DRONES AND UNCREWED SYSTEMS?

ENGN 485: Introduction to Uncrewed Aerial Systems

MONDAYS, WEDNESDAYS: 7:25 PM - 8:40 PM

This course is the first in a four-course series on designing and building multirotor and fixed-wing UAS. It lays the groundwork for a new engineering minor and teaches key skills for developing uncrewed autonomous systems. Learn more at: catalog.odu.edu/courses/engn/

Instructor Julie Young, a certified remote pilot, is program director at eAviation & Drone Academy. She holds a master's degree in mechanical engineering from Old Dominion University.
