# macOS Sequoia Upgrade Procedures

Download Sequoia

1. macOS Sequoia should automatically download from the app store. (If not, open the **App Store**, find **macOS Sequoia**, and click **Get**.)

Install macOS Sequoia

Once the Sequoia download is complete:

1. Launch the **Self Service** app from applications or the launchpad. (Make sure to save and close any documents you might have open.)

2. Find **Install MacOS Sequoia** and click **Install**.

3. After the item installs, the computer will reboot and start the upgrade process.
