OLD DOMINION UNIVERSITY

Annual Status Report on Debt Management

Annual Debt Management Report-Purpose

The Board of Visitor's approved a Debt Management Policy (BOV Policy #1640) in 2007 to ensure the proper use of debt in meeting the goals of the University's Strategic and Capital Plans. This Policy established guidelines to ensure that existing and future debt would be consistent with available financial resources, and promote a strong financial position. In addition, the Policy incorporated a debt capacity measure for the ratio of annual debt service to total operating expenses that would not exceed 7%. However, the Debt Burden Ratio can exceed 7% in instances involving debt of revenue producing projects in which the debt used to finance the project is secured by income from the project's operation.

Executive Summary

The University's Fiscal Year 2015-2016 debt service expenses total \$26,223,460. The debt service associated with this current debt represents a Debt Burden Ratio of 6.44% (annual debt service to total operating expenses). This debt burden ratio incorporates both the University's 9(c) and 9(d) debt and the Real Estate Foundation's debt supported by the University's master lease for facilities, such as housing, parking, bookstore, and the President's House.

The debt service costs related to the University's efforts to expand student housing and athletic facilities identified in the institution's Strategic and Capital Plans will begin to increase as these projects are initiated in future years. The projected FY17 debt is estimated at \$26,014,255 with a projected Debt Burden Ratio of 6.26%.

The entirety of the University's debt consists of 9(c) and 9(d) issuances that do not utilize any Financial Instruments as defined by the Debt Management Policy. The Old Dominion University Real Estate Foundation has developed a variety of debt-supported projects which utilize Financial Instruments as approved by the Foundation's Board of Trustees. Separate project-specific debt summaries for Old Dominion University and the Old Dominion University Real Estate Foundation are attached to this fall 2016 report.

Corporate Debt Service Schedule

The attached debt service schedule includes both 9(c) general obligation bonds and 9(d) revenue bonds used to fund current and projected capital projects related to the revenue producing projects, such as residence halls, parking garages, and the new dining facility as well as non-revenue producing projects, such as Virginia Beach Higher Education Center, Ted Constant Convocation Center, athletic facilities, Student Recreation Center, and Webb Center.

Financial Ratio Analysis

In accordance with the University's current Debt Management Policy, Old Dominion University utilizes the following ratio as a guideline for issuing new debt:

$$\text{Debt Burden Ratio} = \text{Annual Debt Service} / \text{Total Operating Expenses}$$

The University's debt burden had not exceeded 7% in recent years, however, given the significant reduction in state general funds (approximately \$36.5 million) and associated expenditures in fiscal years 2009 through 2012, the ratio had been greater than 7%. By Board Policy, the debt burden ratio may exceed 7% in instances involving debt of revenue producing projects in which the debt used to finance the project is secured by income from the project's operation, such as residence halls, parking garages, and dining facilities.

Following are the actual ratios from FY08 through FY15 and projected ratios for FY16 and FY17. These ratios are adjusted to reflect any non-amortizing or non-traditional debt structures that could result in significant single year fluctuations.

Current & Future Debt – Strategic Plan

The University's 2014-2019 Strategic Plan recognizes the importance of student success and enriching the quality of University life. The plan's objectives include implementing the campus master plan to support student success through the design and construction of a new student union to enhance student engagement; premier on-campus housing to accommodate 35 percent of the student population; a new dining hall; and a new enrollment services and student success center to house critical student support services. Beginning in FY16, the University initiated the design and construction of a new residential dining facility to address the demand for improved dining/retail services and completed the last phase of the Powhatan Sports Center

As authorized by the General Assembly, in June 2015, the University began a study of options to construct a new football stadium on its main campus. The University will be including in its Six-Year Capital Plan for 2018-2024, a request to construct phase I of the stadium plan costing approximately \$55 million. The project will be funded with cash reserves and 9d bonds. The financing will not require any increases in student fees.

Debt Management Strategy-Auxiliary Reserves

Old Dominion University is fiscally prudent in its planning for program expansion or new facilities and establishes auxiliary reserves that are available for use in the event of unforeseen circumstances, such as enrollment declines or unexpected, large scale repairs. The University's Auxiliary Reserve Plan ensures there are sufficient reserves for operating expenses, renewal and replacement of equipment and infrastructure, and major renovation, acquisition, and plant or program expansion. The following table shows the projected June 30, 2017 auxiliary reserves that are available for athletic programs and facilities, parking, residence halls/food services, and student recreational programs and facilities.

	Projected 6/30/17 Balance	Minimum Reserve	Maximum Reserve
Auxiliary Capital & General Fee Reserves	\$22,897,788	\$22,300,000	\$23,000,000

Credit Profile

Standard and Poor's Rating Services affirmed its "A+" issuer credit rating (ICR) for Old Dominion University on August 11, 2015. The rating reflects the university's stable enrollment, good revenue diversity, a recent history of increased state appropriation, strong financial performance in fiscal 2014 and fiscal 2015, and moderate debt.

Financial Instrument Review

The University has only issued two categories of bonds pursuant to Section 9 of Article X of the *Constitution of Virginia*. Section 9(c) bonds are general obligation bonds issued by the Commonwealth of Virginia on behalf of the University, which are secured by the net revenues of the completed project and the full faith, credit, and taxing power of the Commonwealth of Virginia. Section 9(d) bonds are revenue bonds, which are limited obligations of the University payable exclusively from pledged general revenues and are not debt of the Commonwealth of Virginia, legally, morally, or otherwise. Pledged revenues include General Fund appropriations, tuition and fees, auxiliary enterprise revenues, and other revenues not required by law to be used for another purpose. The University issued 9(d) bonds directly through underwriters and also participates in the Public Higher Education Financing Program (Pooled Bond Program) created by the Virginia General Assembly in 1996. Through the Pooled Bond Program, the Virginia College Building Authority (VCBA) also issues 9(d) bonds and uses the proceeds to purchase debt obligations (notes) of the University and various other institutions of higher education. The University's general revenue, not otherwise obligated, also secures these notes.

The University has not utilized financial instruments in these transactions. A risk assessment at the institution's proposed source of repayment (e.g., student fees, room/board charges, parking decal sales, etc.) is approved by the Secretary of Finance based upon a Feasibility Study submitted prior to the authorization of issuance of this debt.

PROGRESS REPORT ON CAPITAL OUTLAY PROJECTS
(As of September 22nd, 2016)

PROJECTS UNDER DESIGN

WEBB CENTER DESIGN PROJECT (NEW STUDENT UNION)

General Project Information: This project will demolish the existing Webb University Center building and replace it with a multi-story structure of up to 247,614 gsf. The project design will be initiated with determination of the exact building program based on wide and comprehensive stake holder input and is anticipated to include space for such things as student government and associations, flexible program and activity spaces, event space, residential and retail dining space, staff support and office spaces. The University authorized sale of \$3 million dollars in bonds as part of the Commonwealth's annual bond sale to fund initial project design work.

Project Design: Moseley Architects with WTW Architects

Funding Source: VCBA 9D Bonds

Project Budget: Project Design Initiation **\$3,000,000**

Status: The University released Request for Proposals (RFP) for project design in March of last year and awarded a design contract to Moseley Architects with WTW Architects that November. Programming began immediately and continued through the winter and spring with student, faculty and staff input. On a parallel track, the design team pursued design options for providing programmatic swing space during construction of the new union. The University is currently evaluating the results of the programming and swing space study and expects to further refine the project direction by mid-October.

HUGO OWENS HOUSE RESIDENCE HALL

General Project Information: The Master Plan approved by the University's Board of Visitors establishes the need for additional student housing. As the campus becomes more residential, it becomes necessary to renovate or replace older housing stock in order to keep a marketable mix of residential alternatives. This 9C bond-funded, project will construct two new residences halls currently authorized by the Commonwealth. The first of these will be a residence hall of up to 165,000 gross square feet and up to 500 beds to be named the Hugo A. Owen's House in honor of the University's first African-American rector.

Project Design: Selection process currently in progress

Funding Source: VCBA 9C Bonds and Housing Fund Balance

Project Budget:	a) Construction:	\$42,841,892
	b) Architect/Engineer Fee:	\$5,700,176
	c) Project Inspection:	\$431,209
	d) Equipment:	\$1,699,676
	e) Construction Contingency:	\$1,699,976
	f) Other:	\$2,375,149

Total Project Budget: **\$54,397,778**

Status: The University released an RFP for design services in late July; the RFP closed on September 1st with thirteen offerors providing proposals. The University's selection advisory committee is currently reviewing those proposals and anticipates providing senior leadership with a recommended shortlist of offerors to advance to the interview stage of the process by late September. Interviews are currently scheduled for early October with negotiation and award of a design contract expected by early November.

PROJECTS UNDER CONSTRUCTION

These projects have received funding for design and construction from various tax-exempt bond financing programs, General Funds and private donations. Contracts have been awarded to general contractors and their progress is monitored daily by the University's project managers and construction inspectors.

BASKETBALL PRACTICE FACILITY

General Project Information: This project is for a 24,000 gsf basketball practice facility for the University's Men's and Women's Basketball programs containing a practice gym, associated strength conditioning and training spaces, locker and shower rooms, team offices and players' spaces. The project is to be built on the vacant lot at the north side of 43rd Street and Monarch Way, immediately adjacent to the Ted Constant Convocation Center. The project site is bounded to the north by the plaza immediately west of the Ted Constant Convocation Center and to east and south by the rights of way for 43rd Street and Monarch Way.

	e) Construction Contingency:	\$308,890
	f) Other:	\$637,757
	Total Project Budget:	\$8,287,157

Status: The University selected the team of Clark-Nexsen and Ellerbe Becket (AECOM) in April, 2014 to design the building and awarded a construction contract to P.G. Harris Construction Company in September, 2015. The contractor mobilized last December. The building is proceeding on schedule and should be dried in within the next several weeks. Contract substantial completion is late December of this year.

L.R. HILL SPORT CENTER EXPANSION

General Project Information: This project will enlarge the facility by 16,912 gsf relocating and enlarging the existing 6,000 gsf weight training facility to the new addition. The addition will include offices for the strength coach and his staff along and a work-out mezzanine.

Project Design: Clark-Nexsen Architecture & Engineering

Funding Source: VCBA 9D Bonds

Project Budget:	a) Construction:	\$3,356,576
	b) Architect/Engineer Fee:	\$352,126
	c) Project Inspection:	\$100,000
	d) Equipment:	\$5,000
	e) Construction Contingency:	\$113,532
	f) Other:	\$231,334
	Total Project Budget:	\$4,158,568

Status: The University selected the team of Clark-Nexsen and AECOM (formerly Ellerbe Becket) in August, 2014 to design the facility expansion and awarded a construction contract to RRMM Design-Build, LLC, last December. The contractor mobilized in January of this year. The building is progressing on schedule and should be dried in within the next several weeks. Contract substantial completion is early December of this year.

NEW EDUCATION BUILDING

General Project Information: The New Education Building was the University's first priority in the 2012 to 2018 Six-Year Capital Plan submission. The budget requested for this 127,000 gsf project was \$45,977,000 which, as noted below, the Commonwealth reduced to \$42,575,927 at preliminary design. The project consists of two parts: construction of a new building of approximately 120,000 gsf for the College of Education and construction of a 7,000 gsf Child Study Building in the University Village to replace the current facilities housed in temporary buildings on 48th Street by the Student Recreation Center.

Project Design: SHWGROUP (Charlottesville, VA)

Funding Source: Chapter 806 VCBA Pooled Projects Bonds

Project Budget:	a) Construction:	\$34,299,046
	b) Architect/Engineer Fee:	\$4,655,000
	c) Project Inspection:	\$300,000
	d) Equipment:	\$1,250,000
	e) Construction Contingency:	\$900,000
	f) Other:	\$1,171,881
	Total Project Budget:	\$42,575,927

Status: The University selected SHWGroup (now Stantec) as the project design team in November, 2011 and S.B. Ballard Construction Company as the Construction Manager-at-Risk in late 2013. The contractor mobilized in September, 2014 and the building was substantially complete in mid-September of this year. Furniture is currently being installed with faculty scheduled to begin moving into the building in early October. Building classrooms are being scheduled for first use during the upcoming spring semester.

The University submitted working drawings for the Child Study Addition and Renovation to BCOM and contractor its finished pricing last spring. The contractor's guaranteed maximum price (GMP) for this portion of the project, however, came in above budget due to the complicated nature of the renovation and building addition work. As an alternative, the University has received the Commonwealth's permission to build a free-standing facility on 47th Street at Killam Avenue in the University Village. BCOM approved the schematic submission in late August and the Commonwealth's Art & Architectural Review Board approved the project in early September. Preliminary drawings were submitted to BCOM in late September. We anticipate bidding project in late 2016 with contract award and mobilization for construction in early 2017. Project substantial completion will be in late 2017.

RESIDENTIAL DINING FACILITY

General Project Information: The New Dining Facility is a new 43,733 gsf state-of-the-art dining building, providing food production, servery and seating capacity for 580 patrons. The building site is located near Webb University Center, between the Diehn Fine and Performing Arts Center and Dominion House. The new facility will replace the existing food service facilities within Webb University Center when Webb Center is demolished to make room for the New Student Union. It will also be the primary dining area for the central campus during the Webb University Center demolition and construction.

Project Design: Moseley Architects with Tipton Associates

Funding Source: VCBA 9D Bonds

Hourigan mobilized in April, 2015 and reached substantial completion and received a certificate of occupancy for the building in late August of this year. The contractor is closing out punch lists and the building will be finally complete in October. ARAMARK, the University's food service provider is currently training new staff on building and food preparation equipment and will begin full menu service later in October.

FOOTBALL STADIUM STUDY

General Project Information: The project will produce a fully comprehensive investigative study of a new competition venue for the Agency's NCAA Division I FBS Series Football program. The study will identify and examine all considerations relevant to the design, construction and operating plan for a new stadium and will include:

- Football demand analysis

Study work began later that summer and the results of that study, with recommendations were presented to the Board of Visitors at its June 9th meeting. The study team is wrapping up its final report and anticipates completing the rest of its deliverables, including a promotional video by the end of this year.

Capital Account Balance reflects capital account balance from last capital account statement adjusted for interim capital calls and distributions.

OCM Opportunities IVb Capital Account Balance (thus Net IRR) is net of management fees and operating expenses but gross of Potential Incentive Allocation.

Valuation of non-public securities is performed by the General Partner (GP) given current market and company conditions. Thus the Capital Account Balance, and consequently IRR, reflects GP valuation. There can be no guarantee that such valuations accurately reflect the market value of such securities.

The value of your investments can go down as well as up, and you may not get back the amount you have invested. Investments denominated in a foreign currency will fluctuate with the value of the currency. Certain investments, such as securities issued by small capitalization, foreign and emerging market issuers, real property, and illiquid, leveraged or high-yield funds, carry additional risks that should be considered before choosing an investment manager or making an investment decision.

This presentation is for sophisticated investors only and accredited or qualified investors only. Funds of private capital funds are speculative and involve a high degree of risk. Private capital fund managers have total authority over the private capital funds. The use of a single advisor applying similar strategies could mean lack of diversification and, consequentially, higher risk. Funds of private capital funds are not liquid and require investors to commit to funding capital calls over a period of several years; any default on a capital call may result in substantial penalties and/or legal action. An investor could lose all or a substantial amount of his or her investment. There may be restrictions on transferring interests in private capital funds. Funds of private capital funds' fees and expenses may offset private capital funds' profits. Funds of private capital funds are not required to provide periodic pricing or valuation information to investors. Funds of private capital funds may involve complex tax structures and delays in distributing important tax information. Funds of private capital funds are not subject to the same regulatory requirements as mutual funds. Fund offering may only be made through a Private Placement Memorandum (PPM).
