APPOINTMENT OF FACULTY MEMBER WITH TENURE

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the appointment of Dr. J. Andrew Hansz as Professor of Finance with the award of tenure in the Department of Finance and the Robert M. Stanton Endowed Chair in Real Estate and Economic Development in the Strome College of Business, effective July 25, 2015.

Salary: \$170,000 for 10 months (salary includes a stipend of \$40,000 for serving as the Robert M. Stanton Endowed Chair in Real Estate and Economic Development)
Rank: Professor of Finance and Robert M. Stanton Endowed Chair in Real Estate and Economic Development

The following contains my recommendation for the initial appointment with tenure of Dr. J. Andrew Hansz as Professor of Finance in the Strome College of Business. Dr. Hansz has most recently held the concurrent positions of Professor of Finance and Business Law in the Craig School of Business at California State University-Fresno and Visiting Professor of Real Estate at the Pennsylvania State University. He will join ODU as the Robert M. Stanton Chair in Real Estate and Economic Development in the Strome College of Business.

The ODU Faculty Handbook states “The main purposes of tenure are to recognize the performance of faculty members who have given years of dedicated service to the university, to protect academic freedom, and to enable the university to retain a permanent faculty of distinction in order to accomplish its mission.” [Faculty Handbook, p. 50]. The Faculty Handbook policy on Initial Appointment of Teaching and Research Faculty provides for an initial appointment with tenure provided that the “request for an initial appointment with tenure must first be initiated by the chair, voted on by the departmental tenure committee, and approved in writing by the Dean.” The policy also says: “Normally, an initial appointment with tenure will be granted only to a faculty member who already achieved a distinguished academic reputation and holds a tenured position at another institution.”

Recommendations in support of tenure at the rank of Professor for Dr. Hansz were received from the departmental, college, and university promotion and tenure committees, as well as from the department’s chair and the interim college dean. The only negative vote was from the Departmental Promotion and Tenure Committee, which voted 6 in favor, 1 against, without any explanation provided for the negative vote. The University’s Named Chair Committee unanimously supported Dr. Hansz for the Robert M. Stanton Chair in Real Estate and Economic Development. Based on my independent evaluation of the materials submitted, including the above recommendations, it is my judgment that Dr. Hansz easily meets the standards for tenure at the rank of Professor in the Department of Finance at Old Dominion University.

Dr. Hansz received his Ph.D. (1999) from Georgia State University and holds an M.B.A. (1993) from Lehigh University. He joined California State University-Fresno as Professor and founding Director of the Gazarian Real Estate Center in 2009. Prior to that he held the positions of Visiting Assistant Professor (1999-2001), Assistant Professor (2001-2007), and Associate Professor with tenure (2007-2009) at the University of Texas-Arlington. He also spent 8 months in 2005 as Visiting

Assistant Professor at Georgia State University. In addition to his academic credentials, Dr. Hansz is a Licensed Real Estate Broker in the state of California and a Member of the Appraisal Institute of Chicago.

An expert in the behavioral and financial theory of real estate analysis, Dr. Hansz has co-authored the text *Real Estate Analysis: Environments and Activities* (2010, Kendall/Hunt), a monograph, and a book chapter. He has published 22 refereed articles in the leading journals in his field, as well as almost 40 conference proceedings at national and international conferences. He has been active in seeking funding to support his research and has obtained a data grant from the CoreLogic Academic Research Council and 3 internal research awards. Dr. Hansz received the 2013 *Craig School of Business Faculty Award for Research* and the 2011 *Research Recognition Award* from California State University-Fresno, and won a Best Paper Award at the 2010 Middle East North Africa Real Estate Society Conference in Dubai, UAE.

Dr. Hansz has taught a wide range of undergraduate and graduate level courses in real estate, from fundamentals to financial analysis and securities, including an on-line version of Real Estate Fundamentals. He has also taught numerous short courses/workshops on various aspects of real estate. He has been an examining committee member for almost 30 graduate students and has acted as faculty advisor for interdisciplinary student teams entering national competitions. He has served as the graduate advisor for Master of Science in Real Estate and as faculty advisor for doctoral business students. Dr. Hansz has been recognized by the University of Texas-Arlington for his teaching and mentoring of students with the 2000 and 2005 *Turner Memorial Award for Excellence in Undergraduate Teaching*, the 2003 *Distinguished Teaching Innovation Award*, the 2003 *W. Paul Green Memorial Award for Excellence in Graduate Teaching*, and the 2006-2007 *Outstanding Academic Advisor Nomination*.

Dr. Hansz has indicated a strong interest in building the real estate program at Old Dominion University as well as in engaging with the broader real estate community in the region. He has an exceptional record of service through his role as Director of the Gazarian Real Estate Center at California State University-Fresno, which includes a speakers series, reports such as the 2010 *Southwest Region Economic Analysis and Forecast*, and the development and delivery workshops on topics such as retail development, student real estate elevator pitches, and ethics, among many other activities. He has served on a wide range of department, college, and university-level committees, including AACSB Accreditation committees. He has given a number of university and community-oriented presentations and has acted as advisor for certificate programs and student societies. In 2012, Dr. Hansz received the Coke and James Hallowell Faculty Service Award from the Craig School of Business.

Dr. Hansz is the North American Editor and serves on the Editorial Board for the *International Journal of Strategic Property Management*. He has served as Current Journals Editor and Associate Editor for the *Journal of Real Estate Literature*, and is a frequent reviewer of manuscripts for the leading journals in his area of expertise, winning the 2002 *Red Pen Award* from The American Real Estate Society for “service above-and-beyond the call of duty” in the review of articles submitted for publication. He is an approved instructor for the Appraisal Institute in Chicago, has been oft-quoted in the media, and has been an active member for the El Dorado Park Community Development Corporation in Texas, among other community activities.

All of his external references enthusiastically support Dr. Hansz, speaking to his “strong leadership skills” and “versatility.” One writes that he is “an outstanding academic with a tremendous work ethic... and an innovative approach to both teaching and research.” Another notes “well over fifty percent [of his publications] appears in outlets generally considered ... to reside at the A level.” A third referee notes that Dr. Hansz has “built the real estate program and the real estate center [at CSU] to a substantial presence in the region” and goes on to say he has been “very active and successful in raising money for the center and conducting events related to it, and a fourth speaks to Dr. Hansz’s teaching, saying he is “an outstanding teacher ... and an impressive student mentor.”

Therefore, in recognition of his many contributions as a scholar and teacher, his dedicated service to his profession, and in concurrence with all of the recommendations received, I recommend Dr. J. Andrew Hansz for an appointment with tenure in the Department of Finance at the rank of Professor. We are fortunate indeed to attract him to Old Dominion University.

[Faculty Handbook, p. 50]. The Faculty Handbook policy on Initial Appointment of Teaching and Research Faculty provides for an initial appointment with tenure provided that the "request for an initial appointment with tenure must first be initiated by the chair, voted on by the departmental tenure committee, and approved in writing by the Dean." The policy also says: "Normally, an initial appointment with tenure will be granted only to a faculty member who already achieved a distinguished academic reputation and holds a tenured position at another institution."

Unanimous recommendations in support of tenure for Dr. Sink were received from the departmental, college, and university promotion and tenure committees, as well as from the department's chair and the college dean. The University's Named Chair Committee unanimously supported Dr. Sink for the Batten Endowed Chair in Counseling. Based on my independent evaluation of the materials submitted, including the above recommendations, it is my judgment that Dr. Sink easily meets the standards for tenure at the rank of Professor in the Department of Counseling and Human Services at Old Dominion University.

In service to his profession, he has been both Treasurer and Secretary for the Washington Association for Counselor Education and Supervision, Editor for the *Journal of Counseling and Values* and the *Journal of Professional School Counseling*, and is currently an editorial board member for these two journals plus the *Journal of Counseling and Spirituality*, among other professional service activities.

All of his external references enthusiastically support Dr. Sink, saying he has "a very impressive national and international reputation and stature in the field of counseling and school counseling." APPOINTMENT OF FACULTY MEMBER WITH TENURE

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the appointment of Dr. John F. (Jeff) Tanner, Jr. as Dean of the Strome College of Business and Professor of Marketing with the award of tenure in the Department of Marketing in the Strome College of Business, effective May 25, 2015.

Salary: \$280,000 for 12 months

Rank: Dean of the Strome College of Business and Professor of Marketing

The following contains my recommendation for the initial appointment with tenure of Dr. John F. (Jeff) Tanner, Jr. as Professor of Marketing in the Strome College of Business. Dr. Tanner has most recently held the concurrent positions of Executive Director of the Baylor Business Collaboratory and Professor of Marketing at Baylor University. He will join Old Dominion University as Dean of the Strome College of Business.

The ODU Faculty Handbook states “The main purposes of tenure are to recognize the performance of faculty members who have given years of dedicated service to the university, to protect academic freedom, and to enable the university to retain a permanent faculty of distinction in order to accomplish its mission.” [Faculty Handbook, p. 50]. The Faculty Handbook policy on Initial Appointment of Teaching and Research Faculty provides for an initial appointment with tenure provided that the “request for an initial appointment with tenure must first be initiated by the chair, voted on by the departmental tenure committee, and approved in writing by the Dean.” The policy also says: “Normally, an initial appointment with tenure will be granted only to a faculty member who already achieved a distinguished academic reputation and holds a tenured position at another institution.”

Unanimous recommendations in support of tenure for Dr. Tanner were received from the departmental, college, and university promotion and tenure committees, as well as from the department’s chair and the interim college dean. Based on my independent evaluation of the materials submitted, including the above recommendations, it is my judgment that Dr. Tanner easily meets the standards for tenure at the rank of Professor at Old Dominion University.

Dr. Tanner received his Ph.D. (1988) in Business Administration from the University of Georgia and holds an M.B.A. in Marketing (1985) from the University of North Texas. He joined Baylor University as Assistant Professor in 1988; he was promoted to Associate Professor with tenure in 1993 and to Professor in 2004. He has held numerous administrative positions while at Baylor University, including Associate Dean for Undergraduate Programs (1995-2002), Associate Dean for Faculty Development and Research (2005-2012), Interim Chair of the Marketing department (2001-2002), Research Director for the Center for Professional Selling (1989-2003) and, most recently, Executive Director of the Baylor Business Collaboratory (2010-2015). He has held several Visiting Professor positions in international universities, including: the University of Montpellier II, France; the University of West Indies; the University of Caen, France; and Monterrey Technological Institute, Mexico. Dr. Tanner is currently a director with Korcett Holdings and a partner in JKTanner, Inc. He has been a partner in BPT Partners LLC, and was a Director in four other companies during the 1990’s.

Dr. Tanner's research follows two separate foci: sales and customer strategy; and public policy, including teen pregnancy prevention and summer feeding programs for children. He has published 15 books, as first or sole author on 8 of them, and over 70 peer-reviewed journal articles. Most of his books are sales-related; his most recent is *Analytics and Dynamic Customer Strategy: Big Profits from Big Data* (Wiley, 2014). He has given over 100 conference presentations, more than 40 of them since 2006, and has contributed over 100 non-refereed business articles, white papers and trade association reports. His referees say that he has published in the leading journals in his field and has been highly influential in bringing academic thought to marketing practitioners.

Dr. Tanner has been very active in seeking external funding to support his research. He is Co-Principal Investigator on a 3-year grant from the Walmart Foundation for \$1 million per year, and has obtained a number of grants from agencies and foundations, including the National Institutes of Health, Texas Department of State Health Services, and Shannon Community Health in San Antonio, TX. In recognition of his research contributions, Dr. Tanner has received the 2001 Southwest Business Deans' Association Innovative Achievement Award, and the 2001 Society for Marketing Advances, Outstanding Consumer Behavior Paper. He has also received the 2006 Distinguished Faculty award from Baylor University and was named 2005 Distinguished Visiting Professor by Monterrey Technological Institute, Mexico.

Dr. Tanner has taught a wide range of undergraduate and Master's level courses, in which he focuses on challenging students to step out of their comfort zones and develop critical thinking skills through hands-on practice and assignments. Although he has been at an institution without a doctoral program, Dr. Tanner has mentored graduate students through membership on a number of dissertation committees at other institutions, including Louisiana Tech. He has authored two popular textbooks in the area of marketing. In his statement of research and teaching philosophy, Dr. Tanner states "I find that when students know you care about them and about what they learn, and when they agree that they are learning skills that will serve them wherever their life leads them, they take up the charge and become champions." He received the 2013 *Society for Marketing Advances* Distinguished Teacher award for his classroom teaching, scholarship of teaching and influence on teachers.

In addition to his appointments as Associate Dean and service on numerous university committees, Dr. Tanner has served on several Expert Advisory Panels for the U.S. Department of Health and Human Services. He has been Special Issue Editor more than once for the *Journal of Personal Selling and Sales Management*, which also gave him a Reviewer of the Year award. He has acted as track chair for several national and international conferences, recently co-chairing the Teaching Moments track for the Society of Marketing Advances.

Therefore, in recognition of his many contributions as a scholar and teacher, his dedicated service to his profession, and in concurrence with all of the recommendations received, I recommend Dr. John F. Tanner for an appointment with tenure in the Department of Marketing at the rank of Professor. We are fortunate indeed to attract him to Old Dominion University.

APPROVAL OF PROPOSED REVISIONS TO THE POLICY ON INITIAL APPOINTMENT OF TEACHING AND RESEARCH FACULTY

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposed revisions to the policy on Initial Appointment of Teaching and Research Faculty effective June 1, 2015.

Rationale: The revisions proposed for the policy on Initial Appointment of Teaching and Research Faculty would require candidates who are being considered for initial appointment with tenure and the external referees selected by those candidates to submit current CVs. Submission of these CVs would assist the Promotion and Tenure Committees in their review of candidates and make the process of initial appointment with tenure consistent with current promotion and tenure practices.

NUMBER: 1401

TITLE: Initial Appointment of Teaching and Research Faculty

APPROVED: June 12, 1980; Revised November 19, 1987; Revised April 12, 2002; Revised September 9, 2005; Revised April 7, 2011; Revised June 16, 2011

I. Board of Visitors Policy

- A. No one has the authority to make a firm offer of employment (subject to approval by the Board) except the provost and vice president for academic affairs, who acts by authority of the president. Any communication at the departmental or college level with potential appointees should make it clear that approval by the provost and vice president for academic affairs is required.
- B. An initial faculty appointment should not be considered final until it has been approved by the Board of Visitors. All offers of employment and other communications with potential faculty members should specifically state this fact.
- C. No administrative official shall have the authority to make a statement of expectation of tenure or a written/ oral commitment that implies in any way a promise of tenure except as described in paragraph D below. Except as described below, all initial appointments to the faculty shall be probationary and no award of tenure or promise of an award of tenure shall be made to a faculty member except in strict accordance with the Board of Visitors Policies on Tenure, to include review of credentials by all review bodies.
- D. In the case of certain initial appointments to the rank of professor or associate professor, the president has the authority to eliminate the probationary period for tenure and to make a firm offer or promise of tenure subject to II.D.1.a-e of this policy and approval by the Board. It is the sense of the Board that this authority should be exercised rarely and only when the best interests of the university require it. All such cases must be reported to the Board for approval before tenure is awarded.

- E. The president is accountable to the Board of Visitors for ensuring the appointment of faculty qualified to carry out the mission of the institution, for the implementation of the university's affirmative action plan in initial appointments, for maintenance of fiscal responsibility in assignment of faculty positions, and for the establishment of procedures to carry out board policy in initial appointments. The president may delegate some or all of these responsibilities to the provost and vice president for academic affairs.

II. Initial Appointment Procedures

A. Position Approval

1. Department. In a timetable established in accordance with the procedures for building the operating budget for the coming year, each department anticipating hiring new faculty for the coming year projects the positions it wishes to fill (including both new positions and replacements for retiring faculty members or others known to be leaving).
 - a. These projections must be in accordance with the approved mission of the department and must be clearly related to demonstrable needs of the department, including at least a clear relationship between instructional faculty and projected FTE students in accordance with the departmental faculty/student ratios approved by the Office of the Provost and Vice President for Academic Affairs.
 - b. Other justifications for positions may include establishment of new programs that may not immediately produce FTE students sufficient to justify the position, existence of substantial funded research for which time will be purchased by an outside agency, and important service activities required by the department within the university's mission.
2. Dean. The dean, once reports have been received from all departments, recommends to the provost and vice president for academic affairs in priority order new and replacement faculty positions for the coming year together with salaries required for each position. Copies of the departmental recommendations are included by the dean in the report to the provost and vice president for academic affairs.
3. On the basis of the projected needs of the following year, the provost and vice president for academic affairs requests a specific number of faculty positions and a budget for these positions from the president at the appropriate time in the annual budget process.
 - a. Within the budget and positions allocated to the provost and vice president for academic affairs by the president, the provost and vice president for academic affairs assigns positions and funds to each dean for new and replacement faculty positions.

- b. The dean allocates these positions with general salary ranges to the departments in the college.
 - 4. If position falls vacant because of an unexpected resignation or for any other cause, this fact is reported promptly to the provost and vice president for academic affairs.
 - a. The provost and vice president for academic affairs may then reassign the position to the college in which it previously existed, assign it to another college, or discontinue the position.
 - b. If the position is assigned to a college, the provost and vice president for academic affairs assigns additional funds to the dean of that college to cover the salary of this position. These funds are not necessarily equal to the salary of the departing faculty member.
 - c. The dean may then assign an additional position to the department within the college having the greatest need.
 - d. Positions falling vacant are not automatically assigned to the same college or department but are assigned on the basis of university and college priorities.
- B. Recruitment and Interview Procedures
- 1. Once a position has been assigned to a department, the following recruitment procedure is instituted. A similar procedure will be followed for interdisciplinary faculty and joint appointments (see the Policy on Joint Appointments).
 - 2. A statement of critical requirements for the position is developed by the department chair or chairs in consultation with the faculty in the department and approved by the dean. The critical requirements should indicate clearly the primary responsibilities that the new faculty member will be expected to perform and the qualifications necessary for the performance of these responsibilities.
 - 3. The department chair appoints a search committee.
 - a. The search committee consults the university's assistant vice president for institutional equity and diversity for advice concerning avenues for recruitment of qualified women and minority candidates and concerning the university's policies and procedures for ensuring affirmative action in the recruitment process. Failure to follow the university's affirmative action policies and procedures will usually result in the refusal of the provost and vice president for academic affairs to write a contract for the faculty member recommended.
 - b. Advertisements are placed in appropriate professional journals by the Office of Academic Affairs upon the recommendation of the search committee. Specific

procedures concerning recruitment advertising are available from the Office of Academic Affairs.

- c. All other means are used by the department to conduct an active search for the largest possible pool of qualified candidates.
 - d. Credentials of candidates are carefully screened by the departments or interdepartmental search committee in order to determine the ones with the best qualifications for the open position.
 - e. After ensuring that appropriate affirmative action policies and procedures have been met, the chair, with the approval of the dean, then chooses one or more of the most qualified candidates to visit the campus. All final candidates for a position should visit the Old Dominion University campus. Because of fund limitations, it will usually not be possible to invite more than two or three candidates for one position.
4. The following procedures for campus visitations are followed:
- a. The search committee must receive prior approval from the Office of Academic Affairs (who will check with the assistant vice president for institutional equity and diversity in order to ensure that procedures have been followed) for the expenditure of the travel funds before the candidate is invited.
 - b. The search committee has the responsibility for setting up the schedule of campus meetings with designated personnel.
 - c. All candidates meet with the chair, dean, all available faculty members of the department, and selected students. Candidates who will be expected to teach courses on the 500 level or above and candidates for associate professor and full professor are scheduled for appointments with the provost and vice president for academic affairs or a designee whenever possible.
 - d. The department chair informs the candidate of the University policies concerning moving expenses and other relevant matters. All candidates should be told that they may be assigned to day, evening, distance learning or off-campus classes as part of their regular loads.
 - e. As part of campus visitation and the interview process, candidates are expected to present a classroom lecture, conduct a seminar, or deliver a public talk so that their potential associates and students may observe their command of subject and clarity of presentation.
 - f. The department chair and search committee shall confirm a candidate's proficiency in spoken English.

C. Recommendations

1. The chair, after receiving and considering a written recommendation from the faculty of the department or the appointments committee and after ensuring that all affirmative action procedures have been followed, recommends to the dean the name of the most acceptable candidate and a possible salary range and includes the recommendation of the faculty or faculty appointments committee.
 - a. If the dean approves the candidate, he or she assigns a salary within the budget previously assigned to the dean's office by the provost and vice president for academic affairs.
 - b. The dean recommends to the provost and vice president for academic affairs on a prescribed form that a contract be written. Appended to this form is a copy of the recommendation of the faculty or of the appointments committee together with the recommendation of the chair.
 - c. If the dean is requesting any special consideration, limitations, or exceptions to normal policy and procedure concerning the appointment, such recommendations should be transmitted to the provost and vice president for academic affairs at this time.
 - d. Any recommendation that credit toward the probationary period for tenure for prior academic experience be granted shall also accompany the request that a contract be written.
2. The provost and vice president for academic affairs or the vice provost consults with the university's assistant vice president for institutional equity and diversity to ensure that proper affirmative action procedures have been followed.
 - a. If all requirements are met, the provost and vice president for academic affairs writes the contract and sends it to the candidate, together with a covering letter specifying any unusual conditions or exceptions concerning the appointment, any credit toward the probationary period for tenure being granted for prior academic experience, and a deadline for returning the signed contract.
 - b. If the signed contract is received by the specified deadline, it becomes effective when approved by the Board of Visitors.

D. Initial Appointment with Tenure

1. If the initial appointment is to the rank of professor or associate professor and the department wishes to award tenure at the time of appointment, request for an initial appointment at that rank with tenure must be initiated by the chair and reviewed by all tenure review bodies.

- a. The candidate's credentials must be provided to the department promotion and tenure committee and their recommendation and vote recorded and sent to the college promotion and tenure committee.
 - b. The college promotion and tenure committee reviews the credentials and the recommendation of the department promotion and tenure committee and makes a recommendation. The recommendation and vote is recorded and all materials are forwarded to the dean.
 - c. The dean makes a recommendation and forwards all materials to the University promotion and tenure committee.
 - d. The University promotion and tenure committee reviews the materials and recommendations and makes a recommendation to the provost and vice president for academic affairs.
 - e. The provost and vice president for academic affairs makes a recommendation to the president.
2. All reviews shall be based on the candidate's normal application materials and include a statement of research and teaching philosophy and letters of reference. Evidence of teaching and research excellence should be included. Normally, an initial appointment with tenure will be granted only to a faculty member who already has achieved a distinguished academic record and held a tenured position. This policy applies to both internal candidates and external candidates. Current CVs for both the candidate and the references must be provided to all review bodies.

E. Initial Appointment of Adjunct Faculty and Lecturers

The following procedures are used for initial appointment of part-time faculty:

1. Adjunct instructors and adjunct assistant instructors - The chair recommends the appointment of an adjunct instructor and adjunct assistant instructor to the dean. If the dean approves the appointment, he or she reports the appointment to the provost and vice president for academic affairs on the prescribed form.
2. Appointment to other adjunct ranks such as assistant professor, associate professor, professor, and visiting professors such as artist-in-residence, etc. is recommended by the department chair to the dean after consultation with the faculty of the department. If the dean approves, he or she recommends the appointment to the provost and vice president for academic affairs on a prescribed form. If the appointment is approved, the provost and vice president for academic affairs notifies the faculty member.

F. Initial Appointment of Research Faculty

1. Research faculty are normally supported in large part from non-Commonwealth funds or are expected to generate their own support from such funds.
2. The department chair recommends appointment of a full-time research faculty member to the dean. The dean recommends to the provost and vice president for academic affairs. The provost and vice president for academic affairs, consulting if appropriate with the vice president for research, makes the final decision concerning the appointment and, if the appointment is approved, notifies the faculty member.

APPROVAL OF PROPOSED REVISIONS TO THE POLICY ON TENURE

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposed revisions to the policy on Tenure effective June 1, 2015.

Rationale: The revisions proposed for the policy on Tenure are intended to clarify the policy. Section III.D. is revised to make it clear that all tenure-track faculty, whether appointed in mid-year or in fall, have a maximum of 21 semesters or seven years as their probationary period. Information in section D. that is covered elsewhere in the policy is removed. The second revision in section V.J. and K. specifies December 22 as the date for mid-year tenure candidates to be notified of their tenure decision rather than mid-December.

NUMBER: 1411

TITLE: Tenure

APPROVED: June 12, 1980; Revised February 24, 1984; Revised November 19, 1987; Revised December 13, 1988; Revised September 27, 1990; Revised April 9, 1998; Revised December 10, 1998; Revised April 12, 2002; Revised April 11, 2003; Revised June 14, 2005; Revised September 9, 2005; Revised September 22, 2006; Revised June 15, 2007; Revised December 7, 2007; Revised September 17, 2009; Revised April 8, 2010; Revised April 4, 2012; Revised June 14, 2012; Revised September 26, 2013; Revised April 24, 2014; Revised September 18, 2014

- I. Purpose of Tenure - The main purposes of tenure are to recognize the performance of faculty members who have given years of dedicated service to the University, to protect academic freedom, and to enable the University to retain a permanent faculty of distinction in order to accomplish its mission. For these reasons, tenure is awarded only after a suitable probationary period, and the decision to award tenure is based both on the merit of the individual faculty member and on the long-term needs and mission of the department, the college, and the University.
- II. Eligibility for Tenure
 - A. Only faculty members who hold the ranks of assistant professor, associate professor, or full professor are eligible to be considered for tenure. Assistant professors will be awarded tenure only if they are simultaneously being promoted to the rank of associate professor.
 - B. Faculty members may be considered for tenure only once.
 - C. Under certain circumstances administrative faculty holding rank in a department at the assistant professor (if promotion to the rank of associate professor is being

simultaneously considered), associate professor, or full professor level may be considered for tenure, as specified by the Board of Visitors policy concerning administrative faculty.

- D. Since tenure is granted as a faculty member in an academic department or program, the award of tenure does not imply continuance in any full-time or part-time administrative position, nor does it imply continuance of any specific work assignment within or outside the department in which tenure is granted.

III. Probationary Period

- A. The probationary period begins with the initial full-time, tenure-track appointment at Old Dominion University at the rank of instructor, assistant professor, associate professor, or full professor; only time spent in a tenure-track position at one of these ranks is counted as part of the probationary period.

Subject to agreement by the University and the faculty member, any academic year in which a faculty member was on a full-time tenure-track appointment in one of these ranks for at least one semester, may be counted as one year of the probationary period.

- B. The following do not count as part of the probationary period:
 1. Time in the rank of assistant instructor, faculty of practice, artist-in-residence, performer- in-residence, writer-in-residence, research professor, research associate professor, research assistant professor, research associate, or any part-time position.
 2. Time in appointment as an administrator, that is, in a position designated as a teaching/research administrative position or as a classified position in the state personnel system. (Time spent in a teaching and research faculty position as defined in the state personnel system will count as part of the probationary period, even if administrative responsibilities are assigned as part of that position; normally, departmental administrative positions such as chair or assistant chair will thus count as part of the probationary period.)
 3. Time in a position that involves no teaching of credit courses, for example as a teacher of children or a therapist in the Children's Learning and Research Center or as a teacher of exclusively noncredit course work.
 4. Time spent on leave of absence.
 5. Time spent on faculty exchanges if the faculty member so chooses.

- C. A period of time, not to exceed one year, may be excluded from the probationary period, upon the approval of the provost and vice president for academic affairs subject to the following conditions.
1. That the faculty member submits a request in writing to the department chair. The department chair and the dean shall forward the request with a recommendation to the provost and vice president for academic affairs.
 2. The request must be the result of the occurrence of a serious event. A “serious event” is defined as a life-altering situation which requires the faculty member to devote more than eight hours of each day to alleviate the impact of the event for a period greater than six weeks and less than one year. These events may include the birth of a child, adoption of a child under the age of six years, serious personal illness or care of an immediate family member including parent, stepparent, child, or spouse.
 3. The faculty member shall provide documentation to justify the time requested and the seriousness of the event.
 4. The request shall be made no later than one year from the first day of the serious event.
 5. The faculty member must have been adequately performing the duties assigned prior to the first day of the serious event.
 6. Faculty who are awarded this exclusion shall have no requirements or expectations beyond those of any probationary faculty member.
 7. Work accomplished during the excluded period may be cited in the tenure case.
 8. Requests for exclusion may be made at any time during each academic year. No request shall be made after the application for tenure has been submitted.
 9. Decisions will be made within 60 days of the receipt of the faculty member’s request by the department chair.
 10. The decision of the provost and vice president for academic affairs is final.
- D. The maximum length of the probationary period is seven ~~academic~~ academic years (i.e., 21 semesters including, fall, spring and summer). ~~The faculty member is informed of the decision of the provost and vice president for academic affairs on tenure by April 30 of the sixth year of probationary service. The faculty member will receive either a tenure contract or a terminal contract in the seventh year.~~
- E. The length of the probationary period may be reduced in any of the following instances:

1. A faculty member who has full-time teaching experience at the rank of instructor or above at another collegiate institution, or at Old Dominion University prior to a break in service, may have the probationary period reduced by either one or two years. If the probationary period is to be reduced, the reduction must be recommended by the chair and dean and approved by the provost and vice president for academic affairs at the time of the initial appointment. Unless such a reduction has been approved and the faculty member has been so notified in writing at the time of initial appointment, reduction for prior service will not be granted.
2. A faculty member initially appointed to the rank of full professor may be notified of a tenure decision by April 30 of the second year of service; if tenure is awarded, a tenure contract will be offered for a third year of service. In addition, the probationary period for a full professor may be eliminated, and an initial tenure appointment may be recommended to the Board if such an appointment has been requested by the chair, voted on by the departmental tenure committee, the college promotion and tenure committee, the University Promotion and Tenure Committee and approved in writing by the dean, the provost and vice president for academic affairs, and the president. It is the sense of the Board of Visitors that the procedure of eliminating the probationary period for tenure should be rarely used.
3. A faculty member initially appointed to the rank of associate professor may be notified of a tenure decision by April 30 of the fourth year of service. If tenure is approved, a tenure contract will be offered for the fifth year. In addition, the probationary period for an associate professor may be eliminated, and an initial tenure appointment may be recommended to the board if such an appointment has been requested by the chair, voted on by the departmental tenure committee, the college promotion and tenure committee, the University Promotion and Tenure Committee and approved in writing by the dean, the provost and vice president for academic affairs, and the president. It is the sense of the Board of Visitors that the procedure of eliminating the probationary period for tenure should be rarely used.
4. A faculty member may apply for early consideration for tenure, if the faculty member believes that he or she has met or exceeded the expectations of quantity and quality of achievements for teaching, scholarship, research, and service completed at Old Dominion University needed to qualify for tenure before the end of the normal probationary time period. The criteria for the award of tenure for such faculty will be the same as those who apply after the normal probationary time period. A faculty member who applies for early consideration for tenure and is denied tenure will be offered a terminal contract for the ensuing year. It is the sense of the Board of Visitors that only demonstrably exceptional faculty will be awarded tenure under this clause.

IV. Criteria for the Award of Tenure

- A. The following criteria are used in the evaluation of every candidate for tenure. Each faculty committee and administrator considering a tenure case must specifically address each of these criteria as they apply to that case in the written recommendations that are submitted up the line to the provost and vice president for academic affairs. Committee votes must be recorded in the recommendations. In cases in which a vote is not unanimous, reasons for negative votes must be included.
- B. Criteria to be used are as follows:
1. Since tenure may be awarded only to faculty members who hold the rank of associate or full professor or who are being simultaneously appointed to one of those ranks, any faculty member awarded tenure must meet the minimum requirements for the rank of associate professor.
 2. Merit - Merit of the faculty member in teaching, research and service over the entire probationary period and the contributions made by the faculty member in these areas to the University. (For definition of teaching, research, and service and a discussion of methods of evaluation, see policies and procedures concerning evaluation of faculty members, evaluation of teaching, evaluation of scholarly activity and research, and evaluation of service.) In addition to information supplied by faculty information sheets, the chair's evaluation and other material presented by the department, an opportunity shall be made available for the faculty member to provide in writing any other material in support of the tenure candidacy. It is the responsibility of the department chair and the departmental promotion and tenure committee to provide an assessment of the quality of the publications for the faculty being considered for tenure. The evidence should address the quality of the journals and the reputation of book and other such publishers. In case of material developments, additional documentation may be added to the portfolio before the conclusion of the evaluation process with the concurrence of the department chair and dean.

External evaluation of the quality of the faculty member's research performance will be required from nationally recognized experts in the faculty member's field. Candidates for tenure are responsible for the preparation of the research portfolio and curriculum vitae to be sent to external reviewers. Candidates for tenure should provide a statement of potential external and/or internal reviewers with whom there is a conflict of interest, e.g., co-authors, co-investigators, etc.

- a. A curriculum vita will be required of each external reviewer. Each reviewer will be asked to describe any personal or professional relationship with the candidate. It is the responsibility of the chair to include a curriculum vitae of each reviewer. For tenure of department chairs, the responsibility belongs to the dean.

- b. External reviewers will be asked to evaluate all submitted material mailed to them. In the case of the arts, reviewers may be asked to consider works of art or performances. External reviewers will be asked to evaluate: a) the quality of the scholarship or creative work under review; and b) the scholarly reputation (regional, national, international) of the candidate.
 - c. All candidates for tenure and promotion will be required to have their scholarship evaluated by no fewer than four external reviewers. If fewer than four reviews are received, the chair will choose additional reviewers alternately from the lists of the department promotion and tenure committee and of the candidates.
3. The determined long-term needs of the department, college, and University, including at least the following:
- a. The long-term enrollment of the department.
 - b. The need for an additional specialist in the faculty member's area of specialization as a permanent member of the department in terms of the mission of the department, the college, and the university.
 - c. The tenure structure of the department. (Although no maximum percentage of faculty members on tenure is established, all committees and administrators considering tenure must take into account the need for flexibility in course offerings and the desirability of a tenure structure that will allow openings for new tenured faculty members in the ensuing decades so that new areas of specialization and new needs can be met. The position of other nontenured faculty members in the department, anticipated retirements, or other known departures, and projected new programs or changes in directions must be considered.)
4. No person can be awarded tenure unless convincing evidence is provided of effective teaching.
5. In departments offering graduate work, no faculty member can normally be awarded tenure unless convincing evidence is provided of successful performance in research. (Exceptions can be made only if the department can demonstrate a long-term need for an additional tenured faculty member who will not be teaching graduate students.)

V. Procedures for Tenure Consideration

- A. The provost and vice president for academic affairs, fifteen months prior to the date for giving notification of the tenure decision, shall formally advise the professor that the limit of the probationary period is approaching, and explain what procedures should be followed by those wishing to be considered for tenure.

B. External review process

1. The responsibility for initiating the external review, securing the reviewers, and forwarding complete review files to the dean, provost and vice president for academic affairs, and the University Promotion and Tenure Committee belongs to the department chair.
2. External reviewers with academic positions will hold the same rank or higher than the promotion rank for which the faculty member is being considered; exceptions should be justified by the dean. The department tenure and promotion committee and the candidate will prepare separate lists of potential reviewers. The candidate will review both lists and will document personal and professional relationships with all potential reviewers. The chair will select three reviewers from the candidate's list and three reviewers from the department tenure and promotion committee's list. The chair will consult with the dean on the list of reviewers chosen prior to initiating the review process. As a general rule, external reviewers should not be co-authors or former mentors of the candidate. The selection of potential external reviewers must be completed before the end of the semester prior to the submission of credentials for tenure.
3. External reviews will be confidential; reviewers will be so advised. Requests for exception to the confidentiality of external reviews should be made directly to the provost and vice president for academic affairs before the reviewers are asked to submit evaluations. If an exception is approved, candidates for tenure will be allowed access to the substance of external reviews, but the authorship of specific external reviews and other identifying information contained therein will remain confidential. All external reviewers will receive a standard letter sent by the chair but prepared by the provost and vice president for academic affairs in consultation with the deans and a copy of the policy on external reviews so their responsibilities will be clear.
4. The University and college administration will assist departments where reasonable expenses are necessary to obtain appropriate external reviews.

C. Initial consideration of tenure cases is conducted by the tenured faculty of the department.

1. The tenured faculty of a department may determine that a tenure committee of a specified size will be selected from their membership to conduct the tenure deliberations and make recommendations to the chair. In this case, the entire full-time department faculty will elect the committee. It is the responsibility of this committee to determine the opinions of tenured members of the department not serving on the committee.

2. In departments where fewer than three members are tenured, the dean, in consultation with the chair, will appoint enough additional tenured faculty members to form a committee of at least three members.
 3. No dean, associate dean, assistant dean, or other full-time administrator or department chair shall attend or participate in the deliberation of the departmental, college, University Promotion and Tenure Committee, or the tenured faculty of the department serving as a group to consider tenure, except in those cases when such committees or groups may, at their discretion, request administrators or chairs to answer specific questions concerning tenure cases.
 4. The college committee shall consist of one tenured faculty member from each department in the college. All members of college promotion and tenure committees shall be elected directly by the faculties they represent for a one-year term renewable twice for a total of three years. This member shall be chosen by majority vote of all full-time, tenure-track teaching and research faculty members of the department, present and voting, by secret ballot before April 15 of each year for the ensuing year. There should be at least three professors on the college committee. No person shall serve on a college promotion and tenure committee for more than three years consecutively but is eligible for reelection after an absence of at least one year.
 5. The University Promotion and Tenure Committee shall consist of one tenured full professor from each of the major degree-granting academic colleges. This member shall be elected by his/her college's promotion and tenure committee(s) by September 15. The University Promotion and Tenure Committee shall elect one of its members as chair. No person shall serve on the University Promotion and Tenure Committee for more than three years consecutively but is eligible for reelection after an absence of at least one year.
- D. The committee or group of tenured faculty makes its recommendations to the chair. In cases of a non-unanimous vote, a summary of minority opinion must be included. All committee members should vote yes or no. Considering this recommendation, the chair makes an additional evaluation and recommendation concerning tenure.
- E. If either the tenured faculty (or their committee), or the chair, or both recommend tenure, the credentials of the faculty member together with the recommendations of the tenured faculty (or their committee) and the chair are forwarded to the tenure committee of the college, which examines the facts and the recommendations and makes a recommendation to the dean. The committee or group of tenured faculty makes its recommendations to the chair. In cases of a non-unanimous vote, a summary of minority opinion must be included. All committee members should vote yes or no. Considering this recommendation, the chair makes an additional evaluation and recommendation concerning tenure.

- F. If neither the departmental committee nor the chair recommends tenure for the faculty member, tenure is not granted in the ensuing year. The faculty member is given a terminal contract for the ensuing year unless a further review is requested.

If the faculty member requests further review, all materials, including departmental and chair evaluations and recommendations are forwarded to the college tenure committee, which makes a separate recommendation to the dean. All committee members should vote yes or no. The dean then makes a decision concerning tenure and informs the faculty member.

If either the decision of the college committee or that of the dean is positive, the faculty member's case is considered in accordance with the procedures in the following paragraphs. If both decisions are negative, the faculty member may request, within two weeks, a further review by the provost and vice president for academic affairs, who makes a final determination concerning further consideration of tenure.

- G. The dean of the college examines the facts and all previous recommendations and makes a recommendation concerning tenure, which is forwarded to the provost and vice president for academic affairs.
- H. The University Promotion and Tenure Committee, consisting of one tenured full professor from each of the major degree-granting academic colleges, examines the facts and all previous recommendations and documentation and makes a recommendation (with reasons, including minority reasons, if any) concerning tenure, which is forwarded to the provost and vice president for academic affairs.
- I. The provost and vice president for academic affairs, after examining all submitted documents and consulting with appropriate staff members, makes a determination concerning tenure for the faculty member. If the recommendations from all committees and administrators previously acting on the case have not all been the same, or if the provost and vice president for academic affairs disagrees with the recommendations that have been the same, then the provost and vice president for academic affairs shall consult with the University Promotion and Tenure Committee and with the chair and dean concerned.
- J. If the determination of the provost and vice president for academic affairs is in favor of tenure, the provost and vice president for academic affairs forwards the faculty member's name to the president for presentation to the Board of Visitors as a candidate for tenure. The Board of Visitors will act on the case by April 30 (~~mid-~~December 22 for mid-year tenure candidates) of the year in which it is being taken up. Upon approval of the Board of Visitors, the faculty member is offered a tenure contract for the coming year.

- K. If the determination of the provost and vice president for academic affairs is against tenure, the faculty member is notified by April 30 (~~mid-December~~ 22 for mid-year tenure candidates) that a terminal contract will be offered for the ensuing year.
- L. The faculty member may request, within two weeks, that the president review a negative decision of the provost and vice president for academic affairs. The president should make a decision on the review within one month. If the president upholds the decision of the provost and vice president for academic affairs, the faculty member may request a further review by the Board of Visitors or its designated committee within two weeks. (Refer to the policy on Communications With the Board of Visitors for procedural information.) The decision of the Board of Visitors or its designated committee is final.
- M. Copies of the recommendation by all committees, chairs, deans, and the provost shall be provided to the faculty member being considered for tenure. The faculty member will be provided opportunity to correct any factual misinformation in such recommendations by placing a letter in his or her tenure file at any stage, or up until March 1 to the Provost (November 22 for faculty hired mid-year).
- N. The above procedures at the departmental and college level may be suitably adapted for faculty members who hold interdisciplinary or interdepartmental appointments. The adapted procedures should be recommended by the promotion and tenure committee of the college or colleges involved and approved by the dean or deans and the provost and vice president for academic affairs. Procedures above the college level will be the same as designated above in all cases.
