Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System's Graduation Rate Survey (GRS).

For complete instructions and definitions of data elements, see the IPEDS GRS Forms and Instructions for the 2020-21 Survey. <https://nces.ed.gov/ipeds/use-the-data/survey-components/9/graduation-rates>

In the following section for bachelor's or equivalent programs, please disaggregate the Fall 2013 and Fall 2014 cohorts (formerly CDS B4-B11) into four groups:

- **Students who received a Federal Pell Grant***
- **Recipients of a subsidized Stafford Loan who did not receive a Pell Grant**
- **Students who did not receive either a Pell Grant or a subsidized Stafford Loan**
- **Total (all students, regardless of Pell Grant or subsidized loan status)**

*Students who received both a Federal Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column.

For each graduation rate grid below, the numbers in the first three columns for Questions A-G should sum to the cohort total in the fourth column (formerly CDS B4-B11).

For Bachelor's or Equivalent Programs

Please provide data for the Fall 2014 cohort if available. If Fall 2014 cohort data are not available, provide data for the Fall 2013 cohort.

C1 First-time, first-year (freshman) students: Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in Fall 2020.

Include early decision, early action, and students who began studies during summer in this cohort.

Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).

Admitted applicants should include wait-listed students who were subsequently offered admission.

Common Data Set G: Annual Expenses

Undergraduate full-time tuition, required fees, room and board

G1 List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL 2020-2021 academic year (30 semester or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits). A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters or trimesters, three quarters, or the period covered by a four-one-four plan. Room and board is defined as double occupancy and 19 meals per week or the maximum meal plan. Required fees include only charges that all full-time students must pay that are NOT included in tuition (e.g., registration, health, or activity fees.) Do NOT include optional fees (e.g., parking, laboratory use).

Common Data Set H: Financial Aid

Financial Aid Definitions

Please refer to the following financial aid definitions when completing Section H.

Awarded aid: The dollar amounts offered to financial aid applicants.

Financial aid applicant: Any applicant who submits any one of the institutionally required financial aid applications/forms, such as the FAFSA.

Indebtedness: Aggregate dollar amount borrowed through any loan program (federal, state, subsidized, unsubsidized, private, etc.; excluding parent loans) while the student was enrolled at an institution. Student loans co-signed by a parent are assumed to be the responsibility of the student and should be included.

Institutional scholarships and grants: Endowed scholarships, annual gifts and tuition funded grants for which the institution determines the recipient.

Financial need: As determined by your institution using the federal methodology and/or your institution's own standards.

Need-based aid: College-funded or college-administered award from institutional, state, federal, or other sources for which a student must have financial need to qualify. This includes both institutional and non-institutional student aid (grants, jobs, and loans).

Need-based scholarship or grant aid: Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.

Need-based self-help aid: Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.

Non-need-based scholarship or grant aid: Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based:

1. Non-need institutional grants
2. Non-need tuition waivers
3. Non-need athletic awards
4. Non-need federal grants
5. Non-need state grants
6. Non-need outside grants
7. Non-need student loans
8. Non-need parent loans
9. Non-need work

Non-need-based self-help aid: Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.

Private student loans: A nonfederal loan made by a lender such as a bank, credit union or private lender used to pay for up to the annual cost of education, less any financial aid received.

External scholarships and grants: Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.

Work study and employment: Federal and state work study aid, and any employment packaged by your institution in financial aid awards.

DO NOT INCLUDE ANY AID RELATED TO THE CARES ACT OR UNIQUE THE COVID-19 PANDEMIC

Aid Awarded to Enrolled Undergraduates

If the data being reported are final figures for the 2019-2020 academic year (see the next item below), use the 2019-2020 academic year's CDS Question B1 cohort.)

Include aid awarded to international students (i.e., those not qualifying for federal aid).

Aid that is non-need-based but that was used to meet need should be reported in the need-based aid column.

For a suggested order of precedence in assigning categories of aid to cover need, see the entry for "non-need-based scholarship or grant aid" on the last page of the definitions section.)

Do NOT include any aid related to the CARES Act or unique to the COVID-19 pandemic.

Common Data Set I: Instructional Faculty And Class Size

Instructional Faculty

Please report number of instructional faculty members in each category for Fall 2020. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

I-1 The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(a) instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or predoctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(b) administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include only if they teach one or more non-clinical credit courses
(c) other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include
(d) undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(e) faculty on sabbatical or leave with pay	Include	Exclude
(f) faculty on leave without pay	Exclude	Exclude
(g) replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research)

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as black, non-Hispanic; American Indian or Alaskan native; Asian, Native Hawaiian or other Pacific Islander; or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal degree: the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts).

Student to Faculty Ratio

I-2 Report the Fall 2020 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Common Data Set I: Instructional Faculty And Class Size

Undergraduate Class Size

I-3 In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2020 term.

Please include classes that have been moved online in response to the COVID-19 pandemic.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of course catalog cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of class sections and class subsections offered in Fall 2020. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections table.

Common Data Set J: Degrees Conferred

Degrees conferred between July 1, 2019 and June 30, 2020

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and Bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g. students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

Please tell us about your school/program:

Introduction

What is your college philosophy regarding students with documented disabilities? Please explain what documentation is required and what resources are available.

The Office of Educational Accessibility is a welcoming, engaging, and supportive environment which offers dynamic educational support services for students who experience disabilities so they can be successfully accommodated.

Admissions

What are the admissions criteria for students with learning differences? What would you like to tell prospective students about the process?

Admission to Old Dominion University is based solely on the entrance requirements as described in the university catalog. Disclosure of a disability during the admissions process is not required or requested, and neither the entrance nor the admission of a student with a disability is based on the disclosure of a disability.

Green Campus Questions

The Princeton Review is pleased to continue its partnership with the Association for the Advancement of Sustainability in Higher Education (AASHE) to streamline the reporting process for institutions that choose to participate in various higher education sustainability assessments. The intent of this initiative is to reduce and streamline the amount of time campus staff spend tracking sustainability data and completing related surveys. The Princeton Review will accept data submitted via the STARS Reporting Tool or data submitted

directly through our own Review Data Set Form F: Student Life below.

****Note that data submitted below will not be shared with any other organization and will be used exclusively by The Princeton Review.**

The STARS Reporting Tool is available to users now and located here:

CURRICULUM

ER-9: Sustainability Learning Outcomes

Criteria

Institution's students graduate from programs that include sustainability as a required learning outcome or include multiple sustainability learning outcomes.

For this credit, learning outcomes at the course level count if the course is required to earn the degree. This credit includes graduate as well as undergraduate programs. For this credit, "programs" include majors, minors, concentrations, certificates, and other academic designations. Programs that include co-curricular aspects may count as long as there is an academic component of the program.

The number of graduates covered by the sustainability learning outcomes

Total number of graduates

A list or sample of the sustainability learning outcomes associated with the degree programs

ER-10: Undergraduate Program in Sustainability

Criteria

Institution offers at least one sustainability-focused undergraduate major, degree program, or equivalent.

The degree program does not have to include sustainability in its name to count for this credit. Environmental Studies programs, for example, count as long as the program covers the social, economic, and environmental dimensions of sustainability. A program that focuses exclusively on environmental or social issues, however, would not be sufficient to earn this credit.

Concentrations within a major (e.g. a concentration on sustainable business within the business major) do not count for this credit.

RESEARCH

ER-16: Faculty Engaged in Sustainability Research

Criteria

Institution's faculty members conduct research on sustainability topics.

Any level of sustainability research by a faculty member is sufficient to be included for this credit. In other words, a faculty member who conducts both sustainability research and other research may be included.

ER-18: Sustainability Research Incentives

Criteria

Part 1

Institution has an ongoing program to encourage students in multiple disciplines or academic programs to conduct research in sustainability. The program provides students with incentives to research sustainability. Such incentives may include, but are not limited to, fellowships, financial support, and mentorships.

Part 2

Institution has an ongoing program to encourage faculty from multiple disciplines or academic programs to conduct research in sustainability topics. BUILDINGS

OP-1: Building Operations and Maintenance

Criteria

Institution owns and operates buildings that are:

1) Certified under the LEED® for Existing Buildings: Operations & Maintenance (O&M) Green Building Rating System,

and/or

2) Operated and maintained in accordance with sustainable operations and maintenance guidelines and policies that cover the following:

Impacts on the surrounding site

Energy consumption

Usage of environmentally preferable materials

Indoor environmental quality

Water consumption

Please use Gross Floor Area.

Gross Floor Area

Consistent with the American Society of Heating, Refrigerating and Air- Conditioning Engineers (ASHRAE) and the U.S. Green Building Council (USGBC), we define gross floor area as: “Sum of the floor areas of the spaces within the building, including basements, mezzanine and intermediate-floored tiers, and penthouses with headroom height of 7.5 ft (2.2 meters) or greater. It is measured from the exterior faces of exterior walls or from the centerline of walls separating buildings, or (for LEED CI certifying spaces) from the centerline of walls separating spaces. Excludes non-enclosed (or non-enclosable) roofed-over areas such as exterior covered walkways, porches, terraces or steps, roof overhangs, and similar features. Excludes air shafts, pipe trenches, and chimneys.

OP-3: Indoor Air Quality

Criteria

Institution has adopted an indoor air quality management policy, plan, and/or practices that include regular auditing or monitoring and a mechanism for occupants to register complaints. Policies and plans adopted by entities of which the institution is part (e.g. state government or the university system) may count for this credit as long as the policies apply to and are followed by the institution.

OP-4: Greenhouse Gas Emissions Inventory

Criteria

Part 1

Institution has conducted a GHG emissions inventory covering its Scope 1 and Scope 2 emissions. The GHG emissions inventory is publicly available, either through the American College & University Presidents' Climate Commitment reporting site, the institution's website, or another public website.

Part 2

Institution has conducted a GHG emissions inventory covering Scope 3 emissions. The GHG emissions inventory is publicly available, either through the American College & University Presidents' Climate Commitment reporting site, the institution's website, or another public website.

The website URL where the GHG emissions inventory is posted

Does the inventory include all Scope 1 and 2 emissions?

Select...

Scope 1 Emissions

Scope 1 emissions are direct GHG emissions occurring from sources that are owned or controlled by the institution. Scope 1 emission sources include:

- **Combustion of fuels to produce electricity, steam, heat, or power using equipment in a fixed location such as boilers, burners, heaters, furnaces, incinerators**
- **Combustion fuels by institution-owned cars, tractors, buses, and other transportation devices**

Scope 2 Emissions

Scope 2 emissions are indirect GHG emissions that are a consequence of activities that take place within the organizational boundaries of the institution, but that occur at sources owned or controlled by another entity. Scope 2 emission sources include:

- **Purchased electricity**
- **Purchased heating**
- **Purchased cooling**
- **Purchased steam**

Does the inventory include emissions from air travel?

Select...

Does the inventory include emissions from commuting?

Select...

Does the inventory include embodied emissions from food purchases?

Select...

Does the inventory include embodied emissions from other purchased products?

Select...

Does the inventory include emissions from solid waste disposal?

Select...

Does the inventory include another Scope 3 emissions source not covered above?

Select...

Scope 3 emissions are all indirect emissions not covered in Scope 2. Scope 3 emission sources include:

- **Air travel**
- **Commuting**
- **Extraction, production, and transportation of purchased materials and fuels, including food**
- **Outsourced activities**
- **Solid waste disposal**

Does the inventory include a second Scope 3 emissions source not covered above?

ENERGY

OP-8: Clean and Renewable Energy

Criteria

Institution supports the development and use of clean and renewable energy sources using any one or combination of the following options.

Option 1: Generating electricity from clean and renewable energy sources on campus and retaining or retiring the rights to the environmental attributes of such electricity. (In other words, if the institution has sold Renewable Energy Credits for the clean and renewable energy it generated, it may not claim such energy here). The on-site renewable energy generating devices may be owned and/or maintained by another party as long as the institution has contractual rights to the associated environmental attributes.

Option 2: Using renewable sources for non-electric, on-site energy generation, such as biomass for heating.

Option 3: Catalyzing the development of off-site clean and renewable energy sources (e.g. an off-campus wind farm that was designed and built to supply electricity to the institution) and retaining the environmental attributes of that energy.

Option 4: Purchasing the environmental attributes of electricity in the form of Renewable Energy Certificates (RECs) or other similar renewable energy products that are either Green-e Energy certified or meet Green-e Energy's technical requirements and are verified as such by a third party, or purchasing renewable electricity through the institution's electric utility through a certified green power purchasing option.

Option 5: Using cogeneration technologies to generate electricity more efficiently. Note: generating electricity using cogeneration technology and a renewable fuel, such as biomass, is considered Option 1 and should not be counted twice.

Since this credit is intended to recognize institutions that are generating new sources of clean and renewable energy, neither the electric grid mix for the region in which the institution is located nor the grid mix reported by the electric utility that serves the institution count for this credit.

Technologies that reduce the amount of energy used but do not generate renewable energy do not count for this credit. For example, daylighting, passive solar design, and ground-

source heat pumps are not counted in this credit. The benefits of such strategies are captured by OP Credit 5: Greenhouse Gas Emissions Reductions and OP Credit 7: Building Energy Consumption.

Transportation fuels, which are covered by OP Credit 14: Campus Fleet, are not included in this credit.

To aggregate energy consumption data from multiple sources, figures should be converted into MMBtu (one million British thermal units – a standard measure of energy) using the following equivalents:

1 kWh = 0.003412 MMBtu

1 MWh = 3.412 MMBtu

1 therm = 0.1 MMBtu

1 kBtu = 0.001 MMBtu

1 ton-hour = 0.012 MMBtu

1 MJ = 0.000948 MMBTU

Option 1: Total clean and renewable electricity generated on site during the performance year and for which the institution retains or has retired the associated environmental attributes

MMBtu

Option 2: Non-electric renewable energy generated

MMBtu

Option 3: Total clean and renewable electricity generated by off-site projects that the institution catalyzed and for which the institution retains or has retired the associated environmental attributes

MMBtu

Option 4: Total RECs and other similar renewable energy products that the institution purchased during the performance year that are Green-e certified or meet the Green-e standard's technical requirements and are third party verified

MMBtu

Option 5: Total electricity generated with cogeneration technology using non-renewable fuel sources

MMBtu

Total energy consumed during the performance year

OP-9: Integrated Pest Management

Criteria

Institution's grounds are developed and maintained in accordance with an integrated pest management plan that adheres to the following four-tiered approach:

- 1) Set action thresholds**
- 2) Monitor and identify pests**
- 3) Prevention**
- 4) Control**

PURCHASING

OP-10: Computer Purchasing

Criteria

Institution has an institution-wide stated preference to purchase Electronic Product Environmental Assessment Tool (EPEAT) Silver or higher products. This can take the form of purchasing policies, guidelines, or directives. This credit does not include specialized computers for which no EPEAT certified products are available. Policies and directives adopted by entities of which the institution is part (e.g. state government or the university system) may count for this credit as long as the policies apply to and are followed by the institution.

Does the institution have an institution-wide stated preference to purchase EPEAT Silver or higher computers and monitors?

The website URL where the EPEAT policy, directive, or guidelines are posted

A brief description of steps the institution has taken to ensure that the purchasing policy, directives, or guidelines are followed

OP-11: Cleaning Products Purchasing

Criteria

Part 1

Institution has an institution-wide stated preference to purchase Green Seal™ or EcoLogo™ certified cleaning products. The stated preference can take the form of purchasing policies, guidelines, or directives to purchase green cleaning products. Policies and directives adopted by entities of which the institution is part (e.g. state government or the university system) may count for this credit as long as the policies apply to and are followed by the institution.

Part 2

Institution's main cleaning or housekeeping department(s) and/or contractor(s) purchase Green Seal or EcoLogo certified cleaning products. This credit does not include cleaning products for which no Green Seal or EcoLogo certified products are available.

Does the institution have an institution-wide stated preference to purchase Green Seal (tm) or EcoLogo (tm) certified cleaning products?

OP-12: Office Paper Purchasing

Criteria

Institution has an institution-wide stated preference to purchase recycled content office paper. This can take the form of purchasing policies, guidelines, or directives to purchase recycled content office paper. Policies and directives adopted by entities of which the institution is part (e.g. state government or the university system) may count for this credit as long as the policies apply to and are followed by the institution.

Does the institution have an institution-wide stated preference to purchase recycled content office paper?

Select...

The URL where the recycled paper policy, directive, or guidelines are posted

TRANSPORTATION

OP-14: Campus Fleet

Criteria

Institution supports alternative fuel and power technology by including in its motorized vehicle fleet (cars, trucks, tractors, buses) vehicles that are:

Gasoline-electric hybrid

Diesel-electric hybrid

Plug-in hybrid

100 percent electric

Fueled with Compressed Natural Gas (CNG)

Hydrogen fueled

Fueled with B20 or higher biofuel for more than 6 months of the year; and/or

Fueled with E85 or higher ethanol for more than 6 months of the year.

For this credit, the institution's motorized fleet includes all institution-owned and operated vehicles that are used for transporting people and/or goods. Heavy construction equipment (e.g. excavators and pavers) and maintenance equipment (e.g. lawn-mowers and leaf blowers) are not included in this credit.

Gasoline-electric, non-plug-in hybrid vehicles in the institution's fleet

Diesel-electric, non-plug-in hybrid vehicles in the institution's fleet

Plug-in hybrid vehicles in the institution's fleet

100 percent electric vehicles in the institution's fleet

Vehicles in the institution's fleet that are fueled with Compressed Natural Gas (CNG)

Vehicles in the institution's fleet that are fueled with B20 or higher biofuel for more than 6 months of the year

Vehicles in the institution's fleet that are fueled with E85 or higher ethanol for more than 6 months of the year

Total number of vehicles in the institution's fleet, including all of the above

OP-15: Student Commute Modal Split

Criteria

Institution's students commute to and from campus using more sustainable options such as walking, bicycling, vanpooling or carpooling, taking public transportation, riding motorcycles or scooters, riding a campus shuttle, or a combination of these options. Students who live on campus should be included in the calculation based on how they get to and from their classes.

OP-16: Employee Commute Modal Split

Criteria

Institution's employees (faculty, staff, and administrators) commute to and from campus using more sustainable options such as walking, bicycling, vanpooling or carpooling, taking public transportation, riding motorcycles or scooters, riding a campus shuttle, or a combination of these options. Employees who live on campus should be included in the calculation based on how they get to and from their workplace.

The percentage (0-100) of institution's employees that use more sustainable commuting options

%

The percentage (0-100) of institution's employees who commute with only the driver in the vehicle (excluding motorcycles and scooters) as their primary method of transportation

 %

The percentage (0-100) of institution's employees who walk, bicycle, or use other non-motorized means as their primary method of transportation. Please note that this may include on-campus residents

OP-T2-26: Bicycle Sharing

Criteria

Institution has a bicycle-sharing program or participates in a local bicycle-sharing program.

Does the institution have a bicycle-sharing program or participate in a local bicycle-sharing program?

A brief description of the program, including an indication of its scope (e.g., the number of bicycles the program makes available, participation levels, etc.)

OP-T2-27: Facilities for Bicyclists

Criteria

Institution has indoor and secure bike storage, shower facilities, and lockers for bicycle commuters in at least one building. Storing bicycles in office space does not count for this credit.

Does the institution have indoor and secure bike storage, shower facilities, and lockers for bicycle commuters in at

least one building?

A brief description of the facilities

The website URL where information about the program, policy, or practice is available

OP-T2-28: Bicycle and Pedestrian Plan

Criteria

Institution has developed a plan(s) to make the campus more bicycle and pedestrian friendly. The plan(s) may be a part of the institution's master plan.

Has the institution developed a bicycle plan?

Select...

A brief description of the plan

The website URL where information about the plan is available

OP-T2-29: Mass Transit Programs

Criteria

Institution offers free or reduced price transit passes and/or operates a free campus shuttle. The Transit passes may be offered by the institution itself, through the larger university system of which the institution is a part, or through a regional program provided by a government agency. The institution must be the entity making the passes available to its community members.

Does the institution offer free or reduced price transit passes and/or operate a free campus shuttle?

Select...

A brief description of the program(s), (s), including availability, participation levels, and specifics about discounts or subsidies offered (including pre-tax options)

OP-T2-35: Local Housing

Criteria

Institution has incentives or programs to encourage employees to live close to campus.

Does the institution have incentives or programs to encourage employees to live close to campus?

Select...

A brief description of the incentives or programs

The website URL where information about the incentives or programs is available

OP-T2-36: Prohibiting Idling

Criteria

Institution has adopted a policy prohibiting idling.

Has the institution adopted a policy prohibiting idling?

Select...

A brief description of the policy

The website URL where information about the policy is available

OP-T2-37: Car Sharing

Criteria

Institution participates in a car sharing program, such as a commercial car-sharing program, one administered by the institution, or one administered by a regional organization.

Does the institution participate in a car sharing program, such as ZipCar or HourCar?

Select...

A brief description of the program

WASTE

OP-18: Waste Diversion

Criteria

Institution diverts materials from the landfill or incinerator by recycling, composting, reusing, donating, or re-selling.

This credit does not include construction, demolition, electronic, hazardous, special (e.g. coal ash), universal and non-regulated chemical waste, which are covered in OP Credit 19: Construction and Demolition Waste Diversion, OP Credit 20: Electronic Waste Recycling Program, and OP Credit 21: Hazardous Materials Management.

DINING SERVICES

OP-6: Food and Beverage Purchasing

Criteria

This credit includes food and beverage purchases for on-campus dining services operated by the institution or the institution's primary on-site contractor. Institution purchases food and beverages that meet at least one of the following criteria:

Grown and processed within 250 miles of the institution

Third-party certified (USDA Certified Organic, Marine Stewardship Council Blue Ecolabel, Food Alliance, Fair Trade, Certified Humane Raised and Handled)

Food and beverage purchases that meet multiple criteria listed above should not be double-counted.

This credit includes food and beverage purchases for on-campus dining operations and catering services operated by the institution or the institution's primary dining services contractor (e.g. Aramark, Bon Appétit Management Company, Chartwells, Sodexo). On-site franchises, convenience stores, vending machines, or concessions are excluded from this credit unless they are operated by the institution or the institution's primary on-site contractor.

Percentage of food expenditures that meet one or more of the criteria for this credit (0 - 100)

%

OP-T2-4: Vegan Dining

Criteria

Institution offers diverse, complete-protein vegan dining options during every meal. This credit includes on-campus dining services operated by the institution or the institution's primary dining services contractor. (On-site franchises, convenience stores, vending machines, and concessions are excluded from this credit.)

Does the institution offer diverse, complete-protein vegan dining options during every meal?

Select...

COORDINATION AND PLANNING

PAE-1: Sustainability Coordination

Criteria

Institution has a sustainability committee, office, and/or coordinator that are tasked by the administration or board of trustees to advise on and implement policies and programs related to sustainability on campus.

The committee, office, and/or coordinator focus on sustainability broadly (i.e. not just one sustainability issue, such as climate change) and cover the entire institution. A committee, office, or coordinator that focuses on just one department or school within the institution does not count for this credit.

Does the institution have a sustainability committee?

Select...

The charter or mission statement of the committee or a brief description of the committee's purview and activities

Members of the committee, including affiliations

The website URL where information about the sustainability committee is available

Does the institution have a sustainability office?

PAE-5: Climate Action Plan

Criteria

Institution has a formal plan to mitigate its greenhouse gas emissions. The plan includes a measurable, numerical goal or goals and a corresponding date or dates by which the institution aims to achieve its goal(s). The plan has been adopted by the institution's administration.

A formal sustainability plan (i.e. a plan that has been adopted by the administration) counts for this credit if it includes climate change goals, strategies, and corresponding timeframes. Such a plan may also count toward PAE Credit 4: Sustainability Plan.

Does the institution have a plan to mitigate its greenhouse gas emissions that meets the criteria for this credit?

INVESTMENT

PAE-16: Committee on Investor Responsibility

Criteria

Institution has a formally established and active CIR or similar body that makes recommendations to the Board of Trustees on socially and environmentally responsible investment opportunities across asset classes, including proxy voting. The body has multi-stakeholder representation, which means its membership includes faculty, staff, and students and may include alumni, trustees, and/or other parties.

Institutions for which investments are handled by the university system and/or a separate foundation of the institution should report on the investment policies and activities of those

entities.

A general committee that oversees the institution's investments does not count for this credit unless social and environmental responsibility is an explicit part of its mission and/or agenda.

Does the institution have a committee on investor responsibility or similar body that meets the criteria for this credit?

Select...

The charter or mission statement of the CIR or other body, which reflects social and environmental concerns, or a brief description of how the CIR is tasked to address social and environmental concerns

Members of the CIR, including affiliations

Recent examples (within the past 3 years) of CIR actions

Review Data Set Form G: Campus Safety

Information provided should be for the latest 12 month period for which data is available

1. What percentage of your student housing sleeping rooms are protected by an automatic fire sprinkler system with a fire sprinkler head located in the individual sleeping rooms? NOTE: A student housing sleeping room is defined as the actual room in which the occupants live and sleep.

80

%

Student housing can include typical residence halls, graduate student housing, married student housing or any housing that is under the control or affiliated with the school, such as private, third-party residence halls built under contract with the school. This does not include Greek housing.

2. What percentage of your student housing sleeping rooms are equipped with a smoke detector that is connected to a supervised fire alarm system?

90

%

NOTE: When the smoke alarm/detector is activated it must transmit a signal to a supervised location, initiating an immediate response by a staff member to investigate. This alarm does not necessarily activate the building fire alarm system.

3. How many malicious fire alarms occur in student housing per year?

0

NOTE: A malicious fire alarm would be defined as one where a building's fire alarm system is activated even though it is known that there is no emergency condition. For example, someone blows smoke into a smoke detector or a manual pull station is activated.

4. How many unwanted fire alarms occur in student housing per year?

150

NOTE: An unwanted fire alarm would be defined as one where a building's fire alarm system is activated by non-emergency conditions, yet the fire alarm system responds appropriately to stimuli that it interprets as a fire condition. For example, a smoke alarm that is located too close to a shower and is activated by steam, or is adjacent to a cooking area.

5. What percentage of student housing building fire alarm systems, if activated, result in a signal being transmitted to a monitored location, and security investigates before notifying the fire department?

5

%

6. What percentage of student housing building fire alarm systems, if activated, result in a signal being transmitted immediately to the fire department so they can begin responding?

95

%

7. How many students are trained in fire safety in campus provided housing each semester?

120

8. What percentage of RAs and housing directors receive fire safety training?

100

NOTE: For purposes of this question, housing staff will include only personnel such as resident assistants and/or resident directors who live in student housing.

9. How many contact hours of fire safety training is provided to students not living in student housing (i.e., off-campus, including Greek)?

10

NOTE: This will not include fire safety training provided to specialties such as laboratory assistants. This must be actual training with contact time and not include simply handing out brochures, fire safety articles in the student newspaper, etc. An example of contact hours would include fire extinguisher training that is provided to 30 students in one hour which would equal 30 contact hours.

10. How many regularly scheduled, supervised exit drills are held per year in student housing?

4

11. How many fires did your school experience last year in student housing?

1

NOTE: A fire must result in damage to the structure or contents.

12. What is the dollar loss related to fire that has occurred on your campus in residential housing?

500

NOTE: Dollar loss is direct property damage to the structure and contents and does not include costs such as alternative housing, staff response, etc

13. How many students have been injured by fires in student housing?

0

14. How many students have been killed by fires in student housing?

0

15. Does your school ban any of the following items or activities in student housing sleeping rooms?

NOTE: The "cooking" option excludes cooking done with school-approved/supplied appliances or in school-approved areas, such as kitchens.

- candles
- halogen lamps
- smoking
- cooking
- live christmas trees
- ceiling tapestries
- Other (please specify)

If you selected Other please specify:

Extension cords

16. Does your school require fire-resistance ratings on furniture (including, but not limited to, beds, mattresses, desks, and chairs) in student housing sleeping rooms?

Yes

17. Does your school require that furnishings brought in by the students have fire-resistance ratings?

No

18. How often are fire safety rules-compliance inspections conducted in your school's student housing?

5 times/year

NOTE: This refers to regularly scheduled, in-room inspections conducted by an inspector or trained individual who is knowledgeable about fire safety issues. It does not refer to a security officer making regular rounds. ALL of the rooms must be inspected during these inspections and checked for hazards.
