

## Minor in Geography at ODU

Source: NASA Earth Observations

Geography is the study of places and the relationship between people and their environments. Geographers are interested in human activities and societies, physical landscapes and environmental issues, and the technologies used to collect, display and analyze spatial data from the local to global scale. Recent labor statistics show that the average salary for Geographers is around \$80,000 per year.

### Minor in Geography

To earn a minor in Geography, you need to complete the following:

1. Complete **either** GEOG 100S (Cultural Geography) **or** GEOG 101S (Environmental Geography)
2. Complete 12 hours (4 courses) of GEOG 300/400 level coursework
3. Maintain a 2.00 GPA in GEOG courses

For more information on the ODU Geography major, minor, or one of our GIS Certificate Programs, please contact Dr. Michael Allen, Geography Program Director, in BAL 7035 or via email [mallen@odu.edu](mailto:mallen@odu.edu)
