

# Classroom Styles

## Podium Style

Podium style setups are most often located in larger lecture halls. The computers and media equipment are located inside of the podium cabinet. The computers are equipped with Windows 7 and a standard software suite. Workstations are connected to campus WiFi, and have a master power switch that should always be on.

Classroom Controls is used to control the projector and speakers. The blue box on the desk allows easy access to classroom equipment, including power outlets, USB and audio input, HDMI input in HD-enabled classrooms, and more.
